JURY DECIDES IT IS GAMBLING

Fines John Wolter and James Kratzer \$10 Each and Costs for Allowing Rhum to be Played

OUT ONE AND HALF HOURS

Defendants Will Pay Fines and Not Appeal Case—Other Discontinue Game Today

It took the jury one and one-half hours late yesterday to decide that James Kratzer and John Wolter were guilty under the indictment, charging them with operating a gaming house. The jury assessed a fine of ten dollars and costs against each of the defendants. This is the minimum fine under the laws of the state.

The case was followed closely by many, especially the owners of pool rooms which permit the playing of the game of rhum. Under the evidence the owners of the pool room gave two checks valued at five cents each in trade to the winner of the game and the loser paid the sum of ten cents. The state maintained that this constituted a game of chance as all of the men in the game stood a chance of getting something for nothing.

It is understood that both of the defendants will make arrangements to pay the fines and the case will end here. It was positively stated that no appeal would be taken.

Prosecutor Stevens stated today that the game of rhum was ended in the city as far as he was concerned. It is taken that the places permitting the game will close up shop. One or two places did away with it last night as soon as the verdict of the jury became known. The game is operated in all of the places on the same scale as that carried on at the Kratzer and Wolter place.

Under the verdict of the jury the game constitutes gaming and if the game continues there is reason to believe that additional charges will be filed. There is still another case pending in circuit court involving the Kratzer and Wolter place. Walter E. Smith, owner of the building, is charged with renting a place for gaming purposes. This case is not set for trial, but it is admitted that it will be harder to prove, as the intentions of the owner may not have been to rent the building for this express purpose.

The grand jury for the November term has not yet been called, but when it convenes additional cases may be brought to the attention of the prosecutor.

Judge Sparks this morning heard the petition of Harold P. Dillon in which he sought to have his name changed to Robert Carmichael Norris. The petition was granted and the costs taxed against the petitioner. The court ordered that a certified copy of the order be sent to the secretary of state within ten days.

SIR HIRAM MAXIM IS DEAD

Inventor of Automatic Firearm Expires in London Today

(By United Press.)
London, Nov. 24.—Sir Hiram Stevens Maxim, inventor of the automatic firearm, died here today.

Maxim had been reported as seriously ill for several days. He was 76 years old. He received the common school education. His first patents were electrical devices. Then came the Maxim automatic gun and a score of other war inventions.

UNION SERVICE ARRANGED

The Rev. W. M. Whitsitt Will Preach at U. P. Church Thanksgiving

The annual Thanksgiving service will be held at the United Presbyterian church Thursday morning at 10 o'clock. The Rev. W. M. Whitsitt will preach an appropriate sermon and the Rev. John T. Aikin will have charge of the meeting, in which all of the ministers of the city will take part. Special music will be furnished. The offering taken will go toward local charity. It is to be a union service of all the churches and everyone is invited to attend.

TO CLOSE OFFICE TO MAKE CHANGE

Business of Clerk of the Court Will be at Standstill Day New Official Assumes Duties

CHANGE ON FRIDAY, DEC. 1.

The clerk's office will be closed all day next Friday, Dec. 1 at which time the office will be turned over to George B. Moore, Jr., the newly elected clerk and his deputy, Charles Brooks. In making the transfer it is necessary to close the office and on this account there will be no court on this day. The office will also be closed on the day before, which is Thanksgiving day.

Mr. Moore is the first of the new officers to take his office. The work involved in transferring the office is no small task and it was thought best to close the office. A. M. Taylor, the present clerk, will stay at the office a few days to get Mr. Moore straightened out, but the date of Mr. Moore's term starts Dec. 1. Mr. Taylor, who has proved a most efficient officer, has no plans for the immediate future. It is likely that he will remove to Milroy the coming spring.

AGREEMENT MADE IN ADAMSON CASE

Railway Officials and Government Representatives Settle Controversy Over Test

DECISION LEFT TO GREGORY

(By United Press.)
Kansas City, Mo., Nov. 24.—A tentative agreement has been reached between railway officials and government representatives regarding the Adamson law test case, the United States attorney general announced at noon.

No information regarding the agreement as to whether the Santa Fe or the Missouri, Oklahoma and Gulf case has been selected to test the validity of the Adamson eight-hour law in the United States supreme court will be given out until word has been received from Washington.

The terms have been wired to Attorney General Gregory who will make the decision.

MORE TEST SUITS FILED

(By United Press.)
Indianapolis, Ind., Nov. 24.—Test suits against the Adamson eight-hour law were filed in federal court here today by the Pennsylvania and the Pittsburgh, Cincinnati, Chicago and St. Louis railroads.

NEW PREMIER NAMED

(By United Press.)
Petrograd, Nov. 24.—General Trepoff has been appointed premier, the present premier, Stummer, becoming grand chamberlain.

MORMON POWER WAS REVEALED

Mrs. Lulu Loveland Shepard Showed That Church is Strongest Commercially in America

SHE SPOKE AT UNION MEETING

Crusader Against Mormonism Declared Church Now Controls 11 Western States Politically

"No nation can exist half Mormon and half Christian," declared Mrs. Lulu Loveland Shepard of Salt Lake City, crusader against the Mormon church and president of the W. C. T. U. of Utah, at the meeting at the First Presbyterian church last night under the auspices of the Rushville Ministerial association.

"No other church has grown so rapidly in the last fifty years as the Mormon church except the Christian Science church," said Mrs. Shepard. "They have one and a half million members in the United States and 1,900,000 in other countries. They have five thousand missionaries, five hundred of whom are right here in Indiana. When I spoke in Indianapolis Wednesday, there were twelve Mormon missionaries I knew in the audience."

Mrs. Shepard spoke with such ease and grace, and with such true conviction, that she won the attention of the audience from the very outset. She said her mission was to tell the truth about the Mormon church and arouse public sentiment against the practice of polygamy so that an amendment to the United States constitution against it could be passed.

That the crusade against Mormonism is not a war against religion but a war for religion, was the declaration of Mrs. Shepard. "The Mormon church is a Mohammedan empire within this republic," she said, and then delivered the following indictments against it:

It teaches treason.

It practices polygamy.

It uses millions to suppress the truth of its crimes.

Already its political power is fixed in eleven states.

Its emissaries are at your doors.

No nation can exist half Mohammedan and half Christian.

Mrs. Shepard was for some years a resident of Posey county, Indiana, but has lived in Salt Lake City for twenty years and is intimately acquainted with the teachings and practices of the Mormon church. She said she had been well acquainted with Mormons and had lived in their homes.

"I have been on the national platform for nine years," she said, "and it is my one regret that I did not lift my voice against the Mormon church until two years ago."

Mrs. Shepard charged that the Mormons had hoarded together enough money to control any trust or corporation in the United States when the opportune moment arrived; that the church already controlled the sugar trust and that when the war opened, Joseph Smith, head of the church, with one stroke of the pen raised the price of beef sugar and cleared nine million dollars; that the church had \$27,000,000 in Wall street and \$400,000,000 more ready cash in Salt Lake City; that it is the richest church commercially in the United States.

Mrs. Shepard said that Smith, as head of the church, is president of twelve big corporations, numerous banks, three big newspapers, many factories, a mammoth co-operative store in Salt Lake City which has branches in every city in Utah and in many outside the state. Mrs. Shepard described the co-operative store, which is heralded to the world

FRANKLIN LODGE SECOND IN LIST

Only One Other in State Initiated More Into Odd Fellowship During Term Ending June 30

REPORT AT THE GRAND LODGE

Five Committee Appointments Come to Rushville Lodge—Rush County Stands High

Franklin lodge No. 35, I. O. O. F. of this city is second on the roll of honor of Indiana Odd Fellowship, according to the grand secretary's report read at the annual meeting of the grand lodge in Indianapolis this week. The meeting closed yesterday with the annual election of officers.

The secretary's report also revealed that Rush county ranks well up in the list of counties in the state. There are almost a thousand Odd Fellows in the county now. Furthermore, Franklin lodge fared well on committee assignments, no less than five members of the local lodge winning appointments.

Franklin lodge is second in the state for the largest number of initiations during the term ending June 30, 1916.

Much praise was given the degree staff of this lodge both in the grand lodge and at a special degree meeting held Wednesday night at Tomlinson hall where a staff of seven members from the Hartsville lodge gave the first and third degrees.

Franklin lodge was well represented on committee appointments made by the grand master, J. T. Ambuckle, who was elected grand representative for one year, was also appointed on the highest standing committee—that of the state of the order.

Frank McIlwain was named chairman of the standing committee on the Rebekah degree and Amos R. Baxter was placed on a special committee of three to formulate a uniform system of accounting for subordinate lodge secretaries and treasurers. Alva E. Newhouse was appointed district deputy grand master and Edwin Farrer was named assistant grand secretary. Mr. Baxter, Harry Allen and Andrew Moore were the delegates from Franklin lodge. Mr. McIlwain was also appointed district deputy grand patriarch.

The report at the eighteenth annual communication of the grand lodge disclosed another successful year of Odd Fellowship in the state, there having been over 3,385 accessions to its membership during the six months period ending June 30, 1916. While there have been several deaths and some dropped for non-payment of dues, there is a total membership in Indiana of 85,043.

ANOTHER SUNK IN EAGLE

Braemer Castle Sent Down Near Where Britannic Was Lost

(By United Press.)

London, Nov. 24.—The British hospital ship Braemer Castle, homeward bound from Salonika, was sunk by a mine or torpedo in the Aegean sea, an admiralty statement today said. All aboard were saved.

The vessel was sunk about 60 miles from the place where the hospital ship Britannic fell a victim to a mine on Tuesday, it was announced.

A dispatch from Athens this afternoon asserts that the Braemer was torpedoed.

JAMES KELLY SUCCEUMBS

Brother of Local Man, Formerly a Resident Here, Dead.

James Kelly, 47 years old, brother of Stephen Kelly of this city died last evening at six o'clock at St. Vincent's hospital, Indianapolis, following an illness from pneumonia. Mr. Kelly formerly lived here where he was employed at the Arbuckle foundry. He was an iron moulder. He is survived by his mother, Mrs. Mary Kelly, one sister, Miss Louise Kelly, and three brothers, Stephen, Michael and Joe Kelly. The funeral services will be at the home, 2415 Park avenue, tomorrow morning, with nine o'clock mass at the SS. Peter and Paul Cathedral. Burial will take place in Holy Cross cemetery.

VILLA RENEWS THE ASSAULT ON CITY

Four Thousand Bandits Make Simultaneous Attack on Northern Mexican Capital

PENETRATE THE OUTSKIRTS

(By United Press.)

El Paso, Texas, Nov. 24.—Another fierce attack upon Chihuahua City was launched by Villistas early today. From the southern and western sides of the northern Mexican capital 4,000 bandits made a simultaneous attack.

A message from General Trevino, commanding the Carranzista garrison, reported the renewal of the assault upon the city.

From the wording of the message, it is inferred that Villa has penetrated into the outskirts of the city.

A code message to mining representatives here told of large bodies of Villistas in positions west of Chihuahua City last night awaiting daylight. It is believed that Villa threw these troops upon the city early today.

At the Mexican consulate reports were made that Villa had been overthrown and that Carranzista cavalry was driving the bandits to the south. Carranza military authorities admitted here that Gen. Trevino was suffering from a severe shortage of ammunition. All available ammunitions were rushed south today.

That Villa's retreat last night was only a feint and that the assault would be resumed today was the belief in United States official circles.

FAVORS EMBARGO ON ALL FOODSTUFFS

American Federation of Labor Points Out Necessity in Resolution Adopted Today

WILL BE SENT TO CONGRESS

(By United Press.)

Baltimore, Nov. 24.—The American Federation of Labor in convention here today declared itself by unanimous vote for an embargo on the exportation of wheat and other foodstuffs.

The resolution points out to President Wilson and Congress "the necessity of placing an embargo upon the exportation of wheat and other foodstuffs so far as our international legal or treaty rights will permit until prices are restored to normal."

WILL CONSIDER RUSHVILLE CASE

Pardon Board Will Get Petition for Pardon for Jesse Easley, Colored, of Rush County

WAS SENTENCED IN 1915

Case of Orville J. Hodson, Youthful Forger From Clinton County, Will be Reopened

(By United Press.)

Indianapolis, Ind., Nov. 24.—The following cases will be acted upon by the board of pardons when it meets in this city on Dec. 11.

James H. Green, sentenced to life imprisonment from Wayne county in 1914 for murdering Ulysses Clark.

Walter Rederick, sentenced to 2—14 years from Delaware county in 1915 for forgery.

Harold Coons, sentenced 1—3 years from Vigo county for petit larceny.

Albert Simpson, sentenced 3—15 years from Lagrange county in 1915 for horse stealing.

Vance Williams, sentenced to life imprisonment from Floyd county in 1913 for murdering Everett Love.

Jesse Easley sentenced 1—8 years from Rush county in 1915 for petit larceny.

Gas Wilkins, sentenced from Marion county in 1916 for manslaughter.

Harry Jones, sentenced 10—20 years from Hendricks county in 1914 for burglary.

Fred J. Moyes, sentenced from Daviess county in 1915 for 2—14 years for embezzlement.

Harry and Leo Wilson, sentenced 1—14 years from Delaware county in 1916 for larceny.

John Smith sentenced from Allen county in 1916, for 1—5 years for petit larceny.

Following is a list of the cases that will be reopened:

William Hamilton, sentenced from Marion county in Nov. 1910 to life imprisonment for murder.

Anthony Miller, sentenced to life imprisonment from Delaware county in 1907 for murder.

Thomas Tucker, sentenced in 1901 from Posey county to life imprisonment for murder.

Orville J. Hodson sentenced 2—14 years from Clinton county in 1915 for forgery.

Jesse Easley, colored, mentioned in the above dispatch as seeking a parole before the board of pardons, was sentenced February 26, 1915 by Judge Sparks when he entered a plea of guilty to a charge of petit larceny. He was specifically charged with stealing a gold watch valued at \$15 from Roy O. Perkins. At the time the sentence was suspended.

A short time later Easley got in more trouble and on May 3, 1915 the suspension of the sentence was revoked, and he was taken to the reformatory at Jeffersonville. He was found carrying a revolver and it was alleged that he drew the weapon on Gilbert Morris. Easley admitted the violation of his parole and was promptly sent to Jeffersonville by the court. Charges of carrying concealed weapons were preferred against him, but these were not pushed when he was sent to prison.

Easley bore the reputation for being a bad boy and it is likely that his parole will be opposed. At the time he was sentenced he was 22 years old.

WINDS SWEEPS GREAT LAKES

(By United Press.)

Detroit, Mich., Nov. 24.—Winds ranging in velocity from a mere thirty miles to sixty-eight swept the Great Lakes last night and today, injuring all shipping. Storm warnings issued yesterday caused many boats to stick close to port.

DOES NOT AGREE WITH OIL MAGNATE

Minister and John D., Start Argument Which Only St. Paul Himself Can Settle.

THEY BOTH MAY BE RIGHT

(By United Press.)
Cleveland, O., Nov. 24.—John D. Rockefeller's conception of heaven and the saints is all wrong, Rev. Dan F. Bradley, pastor of one of the opposition churches to John D's on Euclid avenue said today.
Recently John D. stated that St. Paul would have been a financier had he lived in the present age.
Reverend Bradley said St. Paul would not have known Wall street or Fifth avenue. He would not have been like Mr. Rockefeller."
"Mr. Rockefeller made this statement under two false implications, first that all great men are financiers and second that the securing of an enormous fortune is proper."

HOOSIER BARBERS WANT STATE BOARD

Will Ask Legislature For Law Creating Examination Body to Pass on Qualifications.

WOULD REQUIRE A LICENSE

(By United Press.)
Indianapolis, Ind., Nov. 24.—Hoosier barbers are going before the next meeting of the legislature to ask a state board of barber examiners it was learned here today.
Nearly every other state has a barber examining board and they have been found successful.
The law would require that every barber procure license, which would be renewed each year. The man would be required to pass a thorough examination before the permit would be issued.

AGED MAN AND WIFE HELPED

Asherville General Store Proprietor is Highly Pleased With Tanlac

Lafayette, Ind., Nov. 23.—"This new medicine, Tanlac, speaks for itself," B. F. Hendricks, 60 years old proprietor of a general store at Asherville, Ind., near here, said a few days ago.
"I had rheumatism in my arms and legs for seven years," he continued. "The pains were so severe that sometimes I couldn't straighten out in bed. My wife had kidney trouble. Severe pains across her back bothered her. She didn't sleep well.
"I can hardly tell how Tanlac has made me feel and how glad I am I tried it. The pains have left my arms and legs. My wife says she feels like new since taking Tanlac. Her kidneys do not bother her now and she sleeps soundly at night."
Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness, loss of appetite and the like and is a fine strengthener for weak, run-down men and women. Tanlac is now sold exclusively in Rushville, at F. E. Wolcott's drug store; in Arlington, at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Sons, and in Milroy at Barton and Sheppard's.

IS CREATURE OF ITS OWN MAKING

High Cost of Living is Due to the Fact That Nation is Reveling in Riches.

IT MUST PAY THE PIPER

Director of Mint Says Wages do Not Keep Pace With Increased Cost of Living.

Washington, Nov. 24.—Director of the Mint Von Engleken said yesterday that the high cost of living in this country is a creature of our own making. He said that the golden stream coming from Europe to this country makes the people spend liberally, if not wastefully.
With more gold in its vaults, more money circulated and the greatest export trade in history, the United States today is at once reaping a golden harvest, and—to mix the metaphor—paying the piper; the piper being the high cost of living, Von Engleken says.
His explanation is: Export trade brings an unprecedented quantity of gold here. There is such a vast demand for goods that prices rise responsively. More workers than heretofore are employed, and they are getting larger wages. And, while these workers supply the goods, their wages drawn from the immense store of gold, buy more goods than before, thus helping swell the abnormal demand and the consequent price increases.

Wages, he admits, have not fully kept pace with prices—as usual, but he hopes for an altered condition in the future.
"The United States is normally a borrowing nation. Capital utilized for construction in the past has been recruited largely abroad. Our economic affairs consequently have been adjusted to meet the customary outflow of money required to pay our interest bills in foreign countries.
"The sudden reversal of this condition, the retention of interest payments at home, coupled with a reversal of the usual trade conditions, presents an unusual economic problem.

"It is to be hoped we will not become so accustomed to the present ability to supply our various personal demands that we will find it difficult to readjust ourselves to the more normal state of affairs that will confront us, we hope, in the near future."
Mints are working twenty-four hours a day trying to keep up with the demands for coins. In the last two years \$700,000,000 in gold over the usual importations has poured into the United States. Figures showing the following relative demand for coins for the periods from Jan. 1 to Oct. 17 last year and this year were furnished by Von Engleken:
Dimes—1915, \$658,000; 1916, \$2,200,000.
Nickels—1915, \$1,100,000; 1916, \$2,950,000.
Pennies—1915, \$266,000; 1916, \$1,008,000.

LOOGOOTEE ORPHANAGE
ROBBED BY CRIPPLE.
Vincennes, Ind., Nov. 22.—Charged with robbing the orphanage box at St. Mary's Catholic church at Loogootee, Daviess county, Patrick O'Brien, a cripple, was hailed before the judge here. He denied his guilt, saying that the members of the congregation gave him the sum found in his pockets. About \$10 was missing from the box.

NOTICE

IN THE UNITED STATES DISTRICT COURT FOR THE DISTRICT OF INDIANA IN BANKRUPTCY
In the matter of Clyde Thomas. Voluntary Bankrupt. Cause No. 4391.
To the creditors of Clyde Thomas, voluntary bankrupt, of Milroy, Rush County, State of Indiana:
You, and each of you, are hereby notified that on the 9th day of November, A. D. 1916, Clyde Thomas was duly adjudged a bankrupt, and the first meeting of his creditors will be held at the library in the Federal Building, Indianapolis, Indiana, at two o'clock p. m. Saturday, November 2, 1916, at which time the creditors may attend, prove their claims, examine the bankrupt, appoint a trustee and transact such further business as may properly come before such meeting.
IN ORDER TO RECEIVE CONSIDERATION All claims must be properly endorsed on the outer side thereof with the name of the bankrupt, name and address of creditor, amount claimed, and name and address of counsel, if any.

—Mrs. Stephen Kelly went to Indianapolis this morning where she was called on account of the death of her brother-in-law, James Kelly.

—Mrs. Earl Smith returned to her home in Delphi today after a short visit with Mrs. Homer Havens of this city. Mrs. Havens accompanied her to Indianapolis where she spent the day.

—Mr. and Mrs. Richard Abernathy, who have been living in Ozark, Mo., arrived here last evening to make their home with Joseph Thompson the brother-in-law of Mr. Abernathy. Mr. and Mrs. Abernathy formerly lived in this city.

STOP CATARRH! OPEN NOSTRILS AND HEAD
Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels! Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

HOPE TO BE ABLE TO CONTROL SENATE

Democratic Meeting Held in Indianapolis Today to Devise Means to That End

NO COMPROMISE SAYS HENLEY

(By United Press.)

Indianapolis, Ind., Nov. 24.—Practically all of the democratic members of the state senate were in attendance today when the conference, called to outline the general policy that they will follow at the next session of the legislature opened.

The democrats may devise a plan by which they may be able to control the body throughout the session although the membership will be split evenly.

Secretary L. W. Henley of the republican state committee said last night that the republican organization made no tender of a compromise to Chairman Korbly and that none will be made.

"The republicans will organize the Senate," said Henley. "There is no doubt whatever on that score. No one went to Korbly representing Chairman Hays."

The fact that the republicans will have twenty-five senators and the Democrats the same number is expected to open up a hard fight for the patronage and control of the committees.

The Value of Health.

"What profiteth a man that he gain the whole world yet lost his health?"

This is the rather pertinent question that the United States public health service asks in a bulletin, and it is worthy the earnest consideration of everyone.

Naturalists say that long ago the prehistoric waters were infested with a species of enormous shark which finally became extinct by reason of the workings of its voracious appetite. Thus Nature eliminates the over-fed.

The desire for ease of life and plentiful diet is universal and is the great stimulus of man and animals alike. When man becomes greedy and takes more ease and food and drink than is his share. Nature discards him.

In the race for power and place, for ease of circumstance and relief from the stimulus of hunger, the modern man is apt to forget that unless he is careful of his body he will soon be made to suffer for the infraction of Nature's inexorable physical law. With the loss in body tone comes an equal loss in mental acuity and the brain which for a time was able to operate despite the complaints of an over-fed, under-

exercised, self-poisoned body, stops working.

Statisticians have discovered that the mortality rate of persons in the United States over 45 years of age is increasing. The strenuous life of to-day is not alone responsible for this. Lack of health-giving exercise, superfluity of diet, lack of restoring sleep, over-stimulation, the high pressure of the race for power, wealth and position, plus physical neglect,—these bring early decay. The goal is reached,—wealth is amassed, honor, position, power are just being grasped when the apple of accomplishment turns to the ashes of dissolution. The brilliant mind becomes clouded, the steady hand is no longer accurate, the eye which once gazed fearlessly on the whole world is dimmed and it is not long before the final break up occurs. All of this was entirely preventable.

Other things being equal it is the man who leads the well-balanced life who lasts the longest, whose work to the end is uniformly the best, he who neither over-works nor over-plays, neither over-eats, over-drinks, nor over-sleeps, he who maintains a standard of simple healthy diet in moderation, who off-sets mental work with physical recreation, who is as honest with his own body as he is with his own business. When success comes to such a one his physical and mental condition is such that he can enjoy in peace of mind and contentment of body the fruits of his labors.

The regulations of U. S. Public Health Service state: "It is the duty of officers to maintain their physical as well as their professional fitness. To this end they shall be allowed time for recreation and study whenever their official duties will permit." If the Government regards it as essential, its sanitary experts shall be safeguarded in this way, is it not equally important to every citizen

EARL H. PAYNE

that he similarly maintain a high standard of physical integrity?

Co-Operation Worth Much.

It is an old saying that two heads are better than one, and on the same principle two heads together are better than when they are facing in opposite directions. It will pay us to keep our heads together in Rushville, for the good of the town and each individual in the town.

When we are facing in opposite directions and pulling apart we get nowhere and accomplish nothing. The result of our labors is a cipher. But not so when we get our heads together. Not so when we act as a community and not as individuals. Not so when we all face a definite object and pull until we get there.

It is good to keep our heads together. We learn each other's ideas and ambitions and thoughts, and from this knowledge springs the impetus that brings success to any community.

Let's get our heads together and keep them there.

Every day we read something that is reported to be adding kindling to the flames that are threatening to embroil the United States with Germany over the submarine issue. But probably the kaiser will not let it worry him much since he has seen how easily the United States captured the bandit, Villa.

O. D. Bleakley of Franklin, Pa., who was elected to congress on the seventh, has gone to Washington already in his aeroplane. Contrary to the general belief, it seems like anyone can be elected to congress.

And then there's that so-many-day-to-Christmas thing staring us in the face and none of us have bought a thing.

Another way of overcoming the overshoe scarcity would be to collect all of the gum shoes used in the last campaign.

The bum actors ought to be delighted at the news of another boost in egg prices.

If food continues to advance in price, heavy weights, like the bear, can live on their own fat.

That's right, blame the other fellow. He's probably doing the same to you.

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Rushville people.

Mrs. Lizzie Borem, 840 W. 9th St., Rushville, says: "About six years ago I began to have trouble with my kidneys. The kidney secretions were very annoying in passage and the trouble kept getting worse. Doctors said it was gravel, but none of them ever did me any good. A short time ago I heard of how someone else was cured by Doan's Kidney Pills, so I got a box at Wolcott's Drug Store. They helped me and I kept on using them. I have taken four boxes so far and the pain has left and I feel a great deal better."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Borem had. Foster-Milburn Co., Props., Buffalo, N. Y.—(Adv.)

By H. C. HAMILTON
(U. P. Staff Correspondent.)
New Haven, Conn., Nov. 24.—The monster Yale bowl, which seats more than 60,000 is not expected to care for all those who are fighting today to get the precious tickets for the annual Yale-Harvard clash. Temporary seats have been added to the great bowl and, even with these, it is expected that hundreds will be turned from the gates.

It will be the thirty-seventh clash between the two big eastern colleges and an element of uncertainty, more pronounced than in many years, hangs over the outcome. Harvard's supporters are claiming an edge through the defeat of Princeton while Yale was losing to Brown, but the whole football world has come to view the Yale team, under the coaching methods of Tad Jones with considerable respect.

It has been four years since the banner of victory was flung from the New Haven flagstaff after a game with Harvard and in those years Yale has scored only five points. Previous to that time Yale had a virtual corner on scoring in the tilts with her age-old enemy. 1912 was the last Yale year when the Blue cohorts smothered the Crimson 20 to 0.

Graduations have left Harvard without the brilliant Brickley and Mahan, but the work of Casey and Horween in the backfield, with a forward line fully up to the Houghton standard has made Harvard a favorite.

Yale has come fast under the tutelage of Tad Jones and will present a formidable front. Some trouble has been found in a few spots, but as a whole, the Blue team looks better than any Eli squad in several years.

Navy Has Shown Great Form But Footballers Believe Opponents Have Shade.

(By United Press.)

New York, Nov. 24.—When the Army and Navy meet tomorrow at the Polo Grounds here it will be the twenty-first football contest between the two branches of Uncle Sam's service schools. Of the twenty contests already decided the Army holds the edge by one victory, having captured ten contests, the Navy nine, and one has been a tie.

With such men as Oliphant, Gerhard, Vidal and McEwan making up the strongest part of this year's team the Army is being generally favored to win. And, in addition to this, the West Pointers put a victory over on Washington and Lee, a team which had little trouble in taking a fall out of the Middies.

The Army-Navy game, aside from its importance in the football world, takes rank as one of the most vivid color displays, and the most "peppy" affair of all the eastern conflicts, not even excepting the annual clash between Yale and Harvard. The Polo Grounds, where the game will be played, is one of the largest enclosures in the country, but it has been necessary to refuse many late requests for admission, as all seats were sold long ago.

The Army and Navy hold the bulk of the tickets with about 13,000 in the hands of the public.

RUSHVILLE FACES
HARD GAME TONIGHT

High School Quintet Meets Richmond, Which Has Been Working Hard Since Defeat Last Week

SEVERAL ROOTERS COMING

The basketball game tonight between Rushville and Richmond will start at eight o'clock and from all indications a record crowd will attend. The local rooters believe Rushville has a chance to win over Richmond. At least the chance is better than in several years and because of this a great game is expected.

The locals are not in the best of condition. Reed is suffering from injuries received in the Martinsville game but the team will fight to the last. The Richmond team will arrive over the Pennsy this afternoon. A crowd of rooters from Richmond will make the trip here in machines and will arrive late this afternoon.

Richmond was defeated last week by Muncie and since this game the coach has worked the players overtime in an effort to better the team play, and the crowd tonight should see Richmond at its best.

Weak, Sore Lungs

Restored to Health by Vinol

Camden, N. J.,—"I had a deep seated cough, was run-down, and my lungs were weak and sore. I had tried everything suggested without help. One evening I read about Vinol and decided to try it. Soon I noticed an improvement. I kept on taking it and today I am a well man. The soreness is all gone from my lungs, I do not have any cough and have gained fifteen pounds."—FRANK HILLMAN.

We guarantee Vinol for chronic coughs, colds and bronchitis and for all weak, run-down conditions. F. B. Johnson & Co., druggists also at the leading drug store in all Indiana towns. (Adv.)

Preaching services at 10:30 and 7 p. m., with sermons by pastor. Epworth League at 6 o'clock, subject, "Cultivating the Thanksgiving Habit," leader Miss Ellen Vickery. Solo, Mrs. Francis Moor and duet by Mrs. George Wilste and Mrs. Esther McCloud. There will be no mid-week prayer meeting service but a union Thanksgiving service at the United Presbyterian church Thursday morning at 10 o'clock.

+Christian Science Services Sunday morning at 10:30 o'clock at 224 West Ninth street. The public is invited.

Asthma Sufferer

Write today, I will tell you, free of charge, of a simple home treatment for asthma which cured me after physicians and change of climate failed. I am so grateful for my present good health, after years of suffering, that I want everyone to know of this wonderful treatment. Mrs. Nellie Evans, 555, R. 26, Des Moines, Iowa.—Adv.

WANT ADS BRING RESULTS

SOCIETY

A merry crowd of girls is having a pitch-in supper this evening at the home of Miss Josephine Scholl in North Jackson street.

The Donnan class will meet tomorrow afternoon at 2:30 at the home of Mrs. F. G. Hackleman at 515 North Morgan street.

The meeting of the Wednesday Afternoon Bridge Club is to be held with Mrs. O. M. Dale on next Friday instead of today as was announced in last evening's paper.

Eight members of the Cross Country Club were the guests of Mrs. Harry McManus at her country home north of the city yesterday afternoon. The agreeable afternoon together was spent in sewing after which a luncheon was served.

At the pretty country home of Mrs. Harry McMillin, the members of the Thursday Afternoon Card Club spent a pleasant afternoon yesterday. The afternoon was spent in playing "500" after which a delicious luncheon was served. Mrs. Edward Stumpf of Cleveland was among the guests. The next regular meeting of the club will be with Mrs. Guy Mulbarger.

The Thanksgiving dance given last evening by the Knights of Pythias at their hall was a delightful party. About 30 couples were present for the program of dances, for which music was played by the Mitchell orchestra. The only out-of-town guests were Mr. and Mrs. A. P. Reynolds of Glenwood. The next dance in the series will be given December 14th.

In honor of her birthday, Miss Ada Walters was tendered a surprise last evening which had been arranged by her sister, Miss Mildred Walters. Chrysanthemums were used as decorations in the rooms where the guests spent the evening in playing games and dancing. Refreshments were served to the visitors who were the Misses Nellie Brown, Effie Young, Sylvia Walters, Eleanor Doll, Nellie Drake, Mattie Bates, and Herschell Small, Cecil Hudson, Everett Oakley, Orval Evans, Herbert Walker, Rosecoe Best and Will Williams, the last two being from Connersville.

During the meeting of the Ladies Aid society of the St. Mary's Catholic church held with Mrs.

Michael Oneal yesterday afternoon, an important business session was held. Mrs. Oneal was assisted in entertaining by Mrs. M. E. Coyne and about 14 ladies were entertained. The next meeting will be with Mrs. William Fitzgerald at her home in North Sexton street when Mrs. Coyne will be assisting hostess again.

Mrs. Eunice Moor had as dinner guests today at her home in North Main street, Mrs. Anna Churchill, Mrs. Susan McCoglin, Mrs. G. V. Conoway, Mrs. Joe Amos and granddaughter, Frances Strong.

Another interesting program is promised for the regular bi-monthly meeting of the Ladies Musicales to be held in the assembly room of the court house Monday afternoon at 2:30 o'clock. Mrs. Ed Chambers has the program in charge.

The members of the Card Club had several interesting games of Bridge yesterday afternoon when they were the guests of Mrs. Walter Hubbard at her home in West Second street. Mrs. Forrest Remsburg of Raton, N. M., was among the guests. A delicious luncheon was served. The next meeting of the club will be with Mrs. Francis Moor. Mr. and Mrs. Moor, Mr. and Mrs. Jack Knecht and Mrs. Remsburg were entertained at dinner last evening as the guests of Mr. and Mrs. Hubbard.

As the guests of Mrs. Samuel Young in North Perkins street, the members of the O. N. T. Club had one of their most delightful meetings yesterday afternoon. With their usual congeniality, the ladies chatted and sewed during the afternoon. Later they were invited into the dining room, where the table was centered with a pretty bouquet of pink and white carnations, which suggested the color scheme. A delicious luncheon was served. Mrs. George Osborne will be hostess for the next meeting of the club.

About fifty ladies spent a pleasant afternoon yesterday as the guests of Mrs. Willard Amos and daughter, Miss Mary Amos, at their home in North Perkins street. Chrysanthemums of dainty shades filled the vases and wall pockets about the rooms. A very clever contest amused the ladies during the afternoon when they were asked to guess the names of different trees

from hidden sentences. An elegant luncheon was served. For this the ladies found their partners and tables by matching conundrums and their answers.

For dinner, about fifteen men were entertained. Pretty little Thanksgiving cards marked the places for the guests. Together with their wives, an enjoyable and informal evening was spent.

Among the guests were Mrs. Armstrong of Fortville, the house-guest of Miss Amos, Mrs. Mary Cowan and Mr. and Mrs. Herman Miller of Milroy.

Mrs. Frank Wilson is entertaining at cards at her home in North Main street this afternoon.

Miss Mary Louise Bliss is entertaining a number of her boy and girl friends at dinner this evening.

(Additional society Page 9)

POTATO BREAD ROLLS

Very good rolls can be made from a similar mixture of boiled potatoes and flour by adding shortening and sugar. The following proportions will yield one dozen small rolls:

8 ounces of boiled and peeled potatoes, 6 ounces of sifted flour, 1 cake of compressed yeast, 1 level teaspoonful of salt, 2 tablespoonfuls of lukewarm water, 2 tablespoonfuls of sugar, 2 tablespoonfuls of butter.

Two tablespoonfuls of powdered milk, added to the dough, will greatly improve the quality of the rolls. Although milk itself or cream may be used, it must be borne in mind that they will increase the liquid content.

Boil, peel and mash the potatoes as directed for bread making. Add in order, to this salt, the powdered milk, (if used) the yeast rubbed smooth and mixed with the water, and lastly two tablespoonfuls of flour. Let this mixture stand at a temperature of about 86° F. until the dough begins to collapse. Add to this sponge the butter, the sugar, and the remainder of the flour and, if necessary, enough more dough to make a stiff dough. Knead thoroughly until a smooth dough which is no longer sticky has been formed. Set back to rise again, and when the dough has trebled in volume, knead lightly, form into small balls and place, not too close together, in greased pans. Allow to rise until double in volume as shown by the "indicator," and bake 20 minutes in a moderately hot oven, at about 400° F.

CARE OF MILK

Care of milk, important for all, is a vital necessity in a home where there are children. It is absolutely essential to the safety of babies. No intelligent mother will leave to an ordinary servant the task of caring for or preparing the milk for her baby. Mothers of small children should get, from their own physicians, explicit directions for the proper handling of milk and for cleaning and sterilizing nursing bottles. Pamphlets on infant feeding may be obtained from the municipal milk stations or health officers. Milk for babies cannot be kept too cold, and too much care cannot be given to keeping it clean and covered.

RHEUMATISM usually yields to the purer blood and greater strength which

SCOTT'S EMULSION

creates. Its rich oil-food enlivens the whole system and strengthens the organs to throw off the injurious acids. Many doctors themselves take Scott's Emulsion and you must stand firm against substitutes.

Scott & Bowne, Bloomfield, N. J.

RUBBER STAMPS

Whenever you are in need of rubber stamps of any description, whether for marking linen or name stamps, we will be pleased to show you samples. The Republican Company, 193tf.

of gifts that will be really appreciated at the Christmas-time, do not forget the attractiveness and genuine appeal of

Your Own Handiwork

Our art department is now exhibiting a very full showing of stamped articles, including dresser sets, doily cases, hair receivers, towels, gowns, pillow cases, bungalow sets, baby quilt protectors, button bags, infant's dress hangers, string bags, fancy aprons, knife, fork and spoon cases, baby blankets, and wash cloths.

Many of the above articles, we are showing made up ready for giving. Beautiful gifts of all kinds, new this season, 25 cents to \$2.00.

Among the crochet and embroidery threads carried by this store are Klostersilk, Bucilla, Coats, Dexter, Silko and Utopia.

Home Journal Embroidery Patterns are the best.

DO THIS PART OF YOUR XMAS BUYING BEFORE THANKSGIVING

THE MAUZY COMPANY

IS ONE-FIFTH OF WORLD TRADE

Foreign Commerce of the United States in Calendar Year 1916 Will be Eight Billion.

50 PERCENT INCREASE IN YEAR

Sum Represents Twice as Much as That of 1914—Excess Exports Three Billion.

The foreign commerce of the United States in the calendar year 1916 will approximate \$8,000,000,000, or one-fifth of the entire international trade of the world. It will be 50 per cent greater than that in 1915 and double that of 1914. A compilation by the Foreign Trade Department of the National City Bank of New York shows that the total foreign trade of the year which ends with next month seems likely to approximate \$8,000,000,000 against \$5,326,000,000 in 1915 and \$3,903,000,000 in 1914. The excess of exports over imports in 1916 will approximate \$3,000,000,000 against \$1,768,884,000 in 1915, \$324,348,000 in 1914 and \$691,422,000 in 1913.

Complete figures for the commerce of the entire country in the nine months ending with September are at hand, and also those of the port of New York, an index of the trade of the entire country, for the month of October. The figures for the nine months ending with September, 1916 show a total commerce of \$5,780,000,000 against \$3,833,000,000 in the same months of 1915 and \$2,877,000,000 in the corresponding months of 1914, the 1916 figures being thus 50 per cent greater than those of 1915, and double those of 1914.

The October figures of the port of New York indicate that the total trade of October will equally and probably exceed that of September, and should the two remaining months of November and December show totals similar to those of the past two months for which complete records are available, the total trade for the year would aggregate nearly or perhaps quite \$8,000,000,000, while the excess of exports over imports seems likely to be fully \$3,000,000,000 against \$2,135,776,000 in the fiscal year 1916 and \$1,769,000,000 in the calendar year 1915. Both imports and exports will make a new record in the calendar year 1916. Present indications, based upon nine months' figures for the entire country, and an additional month for the port of New York, are that the imports for the full calendar year will aggregate approximately \$2,500,000,000 against \$2,198,000,000 in the fiscal year 1916 and \$1,779,000,000 in the calendar year 1915. Exports seem likely to approximate \$5,500,000,000 against \$4,233,000,000 in the fiscal year 1916 and \$3,548,000,000 in the calendar year 1915.

THE MODERN WAY

The modern housewife does not convert her home into a factory, at least to the extent of making it more of an industrial institution than it is a home. Instead of baking their own bread, thousands of housewives are getting it from the bakery. Likewise, canned goods are not put up in the home, but purchased from the grocer. Clothing is not made in the home, as in the days of your grandmother; it is purchased outside, and delivered to you, ready to wear. Then why not do the logical thing in another case, and send your household linens and washable apparel to a modern power laundry? Washing and ironing are factory processes, that for at least one day in each week render the average home almost uninhabitable. Perhaps you have found this out, and are having all or part of your laundering done in the home of a washerwoman. If you will let us do your laundering, you can rest assured that it is being done under sanitary conditions and in a sanitary manner.

Give us a trial order, and then you will be a regular customer—happy and care free on Monday, as far as laundering is concerned.

RUSHVILLE LAUNDRY

Soft Water For Laundry. PHONE 1342

commerce of the country is not entirely due to increased quantities of merchandise entering or leaving its ports. The fact, for example, that wheat, which was exported in November, 1915 at \$1.19 per bushel is now quoted in the New York markets at \$2.00 per bushel, suggests that the comparatively small quantity of wheat being exported probably represents quite as large a value as did the larger quantities exported at this time a year ago. Cotton was being exported this date one year ago at 12 cents per pound; now it is quoted in the New York markets at approximately 18 cents. Copper ingots, of which the export price in June, 1916 was 27.5 cents per pound, were exported at an average of 17.8 cents per pound in June, 1915. Sole leather, now being exported at 40 cents per pound was a year earlier only 30 cents; and canned beef exported in August at 23.7 cents per pound went in August of the preceding year at 16 cents. Iron and steel billets exported in August at \$56.40 per ton went in August of last year at \$35.80.

The increase in total imports is also largely due to advance in prices. Raw silk imported in August at \$4.60 per pound was imported in August of the preceding year at \$2.73 per pound. Jute and jute butts imported in June, 1916 at \$93.51 per ton came in the preceding September at \$43.59, while goat skins imported in August, 1916 at 37.4 cents per pound came in August of the preceding year at 20.3 cents.

Manufacturing material forms thus far 44 per cent of the imports, manufactures 31 per cent and foodstuffs 25 per cent. Of the exports manufacturing material forms 12 per cent, manufactures 67 per cent and foodstuffs 20 per cent.

Smearless Carbon Paper

The best carbon paper for stenographers and typewriter users. Does not smear. Sold in any quantity. Also high grade typewriter ribbons. LOUIS C. HINER, at the Re-

SUITABLE CONTESTS FOR ANY SPECIAL GATHERING

For a literary club, or in fact any social gathering, the following contest might be used. The phrases conceal the names of noted people.

1. A jolly decease.
2. Having past and the act of hurrying.
3. A handy slang word.
4. To consume with fire and an organ of the human body.
5. A fly trap and the art of moving.
6. Combustible substance and a long elevated piece of land.
7. Not bad and wealthy.
8. Part of pork.
9. A precious metal and a kind of mechanic.
10. What makes more noise than a pig under a gate.
11. To deface and to bellow.
12. An animal in a circus and a charged account.

The answers are: 1. Meredith. 2. Byron. 3. Dickens. 4. Bernhart. 5. Webster. 6. Coleridge. 7. Goodrich. 8. Bacon. 9. Goldsmith. 10. Moore. 11. Marlowe. 12. Buffalo Bill.

Employ Good Scrub-Cloths

While we wish to be as economical as possible, we sometimes follow an economy that doesn't pay, in trying to use old threadbare rags as scrub and cleaning cloths. The discarded garment with its many holes is not always the right substance with which to expect good firm cleaning. Such rags fall apart easily, become unsanitary, and require much labor to keep clean. Good scrub-cloths are now specially manufactured out of closely-woven twill crash or flber. They come in regular sizes, the 24-inch square being found very convenient for ordinary scrubbing. Other knitted or woven cloths can be bought for a few cents for various other cleaning purposes, such as windows, pot-wiping, sink cleaning, etc. They have body, are firm, and require far less to keep clean, besides giving better service than the ordinary rag. —Modern Priscilla.

Dreams of Maids—A Trousseau

The trousseau is a wonderful dream to most girls. Every day come letters asking my opinion on the trousseau of some fair lady. Why I am sure I can say. For the wonder of having a trousseau has not as yet been mine.

Nevertheless, I have ideas on the subject, just as every girl has, and all I can do is tell you how I feel about it.

As a general rule the trousseau is a complete outfit for the girls about to be married. This follows an old custom, which took into consideration that the husband should not have to bear the expense of a feminine wardrobe until other things were settled—the furnishing of the house and such things.

How the girl will hoard for her "hope chest" all the beautiful things which come into her possession before her marriage! Not only clothes are placed away in a sachet scented box, but all sorts of table linen and other feminine delights are carefully folded, patted tenderly and laid aside for the happy days to come.

But to get back to the main subject. The trousseau should contain a number of sets of underclothing,

the traveling suit, morning dresses, wedding gown, afternoon dresses, and the other articles of wearing-apparel. It depends entirely upon the circumstances of the people concerned what form these garments should take. Unless there is wealth, the clothes should be simple but excellent.

Whenever I think of trousseau I think of my friend, Ethel. Her wedding outfit was not any more expensive than the majority of people's, but as the result of great thought and care it was perfect to the minutest detail. Most of the garments were made by her own clever fingers. In fact, the weeks prior to her marriage were a series of days spent in her cheerful living room with her mother, sewing and designing.

Ethel realized that she was marrying a man of moderate circumstances and she devoted also a great deal of time to planning her bungalow aprons and house dresses. These were attractive, too, because she determined to make her work play.

The planning of trousseau is a delightful experience—one which I hope every one of you will enjoy.

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.

LISTEN TO THE EVERWELLS

If you want a shave that's very fine. Buy your shaving things where I got mine.

TO SEEK BETTER MILK MARKETS

At National Meeting of Producers
Attempt Will be Made For
Better Conditions.

DO NOT WANT ANY STRIKES

Meeting Will be Held Under Auspices
of National Conference on
Markets.

Chicago, Ill., Nov. 24—Better milk marketing without the costly milk strikes of the past few months will be striven for by milk producer from all important marketing sections of the United States in the first national meeting of milk producers to be held here Tuesday, Dec. 5, according to a call issued today. The Milk Producers' Association of the Chicago dairy district, an organization that won the milk strike a few months ago and forced the big dealers to come to terms, has issued the call. Some 12,000 raw milk producers of Northern Illinois, southern Wisconsin and northern Indiana make up this organization, which is taking the initiative in bringing together the representatives of other big producing districts. The meeting is to be held under the auspices of the National Conference on Markets had Farm credits, which holds its fourth annual gathering at the Hotel Sherman, Chicago, Dec. 4-9. Delegates from New England, California, New York, Ohio, Minnesota, Wisconsin and Missouri will be present.

"The production and distribution of whole milk is undergoing a remarkable transformation," says the call issued by the board of directors of the Milk Producer's Association in session here today. "The milk producers of America are finding themselves forced to quit the business in large numbers on account of high production costs involving land values and higher labor charges, higher costs of feeds and sanitary requirements. This condition leaves only two alternatives for the milk producers in areas close to large cities. They must either reorganize their methods of producing and distributing their milk, or they must go out of business and leave to the farmers of the more distant sections the task of supplying the centers. The latter course would work a great hardship upon thousands of milk producers, and, we believe, is unnecessary if the production and distribution of milk were placed upon a real efficiency basis.

"Milk producers must, therefore, take upon themselves the working out of fair and equitable methods for collective sale of their milk. They must also work to secure contract prices that range over a longer period than the customary six month contract.

"Believing, therefore, that one section may learn from another and

that some workable plan may be agreed upon that will avoid costly strikes that entail loss to producers and suffering to consumers, the Milk Producers' Association of the Chicago dairy district invites milk producers from every dairy district in the United States to meet us at the Hotel Sherman December 5 under the auspices of the National Conference on Marketing and Farm Credits to confer, on plans that look to the complete reorganization of our industry."

W. J. Kittle, 29 South LaSalle street, Chicago, is secretary of the organization issuing the call.

National headquarters this morning announced, nearly 20,000 delegates representing about 2,000,000 farmers are expected to the fourth national conference in marketing and farm credits. Practically every state will send delegations. In 1916 forty-six states and several provinces of Canada were represented.

Continued from Page 1.

with a big sign on its front, "The All Seeing Eye of God," under the picture of an eye.

"But you enter the store, which has such an inscription above its entrance," she continued, "and you buy whiskey by the wholesale, retail or cocktail. Yet the Mormon church parades itself as being opposed to the liquor traffic. Besides all this, their drug stores sell it and two Mormon governors of Utah have vetoed state-wide prohibition bills passed by a prohibition legislature."

Mrs. Shepard recalled the efforts to unseat Senator Smoot, senior senator from Utah, and how the campaign failed because of the power of the church. She recited, too, how Senator Smoot succeeded in burying in committee the resolution for a constitutional amendment against the practice of polygamy. Mrs. Shepard said the National Reform association felt warranted in introducing the resolution since 36 states, the necessary three-fourths of the states to pass a constitutional amendment, had anti-polygamy laws.

"The worst danger we have," she

They let you know you've been smoking—and yet they're MILD

In other words, Chesterfield Cigarettes are MILD—and yet they satisfy. This is something totally new to cigarettes. It goes further than pleasing your taste—satisfy does for your smoking what a juicy slice of hot roast beef does for your appetite.

Chesterfields satisfy—they let you know you've been smoking.

But they're MILD, too—Chesterfields are!

If you want this new cigarette delight (satisfy, yet mild) you've got to get Chesterfields, because no cigarette maker can copy the Chesterfield blend. This blend is an entirely new combination of tobaccos and the biggest discovery in cigarette blending in 20 years.

"PURITY" IS COMING

21416.

Poisoned by Thousands!

(By L. H. Smith, M. D.)

The victims of auto-intoxication are many thousands every day. By reason of the toxins, or poisons, bred in the intestines, these poisonous bacteria are sent all thru the blood channels and the victim feels tired, sleepy and headachy, or the brain doesn't work as usual. The best treatment for this is to drink hot water before breakfast—plenty of water all day and procure a supply of Dr. Pierce's Pleasant Pellets, made of Mayapple, leaves of aloes, etc., with no calomel, entirely vegetable, which can be obtained at drug stores for 25 cents.

Equally important is it to cleanse plentifully of pure water will cleanse kidneys and bladder, and drinking them to a certain extent. Then obtain at the drug store a little Anuric. This is to be had in 50-cent packages. Anuric should be taken be-

fore meals. It is many times more potent than lithia, dissolving uric acid as water does sugar.

Dr. Weir Mitchell once said: "What we call diseases are only symptoms of conditions. Allow the man's vitality to be reduced to a certain point, and he is ripe for any of these weaknesses, or certain conditions which we call disease."

Through failure of kidneys to act, through congestion, inflammation, any person's condition is ripe for disease to fasten its hold upon the system.

Anuric has been tested for the past few years for kidney, bladder, uric acid troubles, rheumatism, gout, and such ailments as follow, and so many cases both acute and stubborn have yielded to this wonderful remedy that I do not hesitate to recommend it—(Adv.)

GATHER DATA FOR CONFERENCE

Market Committee Seeking For Better Conditions in Livestock Industry.

MEETING TO BE AT CHICAGO

Many Interesting Things to be Discussed at National Conference on Marketing.

Denver, Colo., Nov. 24.—The efforts of the National Conference on Marketing and Farm Credits to investigate the conditions surrounding the marketing of livestock were given a new and interesting turn today when the Market Committee of the American National Live Stock Association sent out a call to the livestock industry of the nation endorsing the work of the Conference and urging its membership and others to attend special Conference hearings in Chicago the week of December 4-9. Representatives of the breeding and feeding interests, and the livestock commission men, cooperative livestock shipping associations, and others, have been invited to confer on the subject of better market conditions. The special hearings will begin the morning of December 6.

The Market Committee is working with prominent members of the livestock industry to gather and present data that will prove the need of a thorough investigation and that this should be done by the Federal Trade Commission. Prominent livestock men from all over the West will be in attendance. They will offer evidence to show that no investigation in the past by federal or private agency has been adequate or authoritative. They will claim that this work must be done by a body such as the Federal Trade Commission. They will seek the endorsement of the Conference in prosecuting their fight.

The American National Live Stock Association is composed of livestock growers and feeders from many states in the West. Affiliated with it are practically all of the large livestock associations, including the Corn Belt Meat Producers' Association, the Cattle Raisers' Association of Texas and the State Livestock Associations of Kansas, Nebraska, Wyoming, the Dakotas and Colorado. The Market Committee was appointed at the annual meeting of this association the early part of the present year at El Paso, Texas. It was authorized and financed to carry on a fight to secure an improvement of marketing conditions. On the committee are H. A. Jastro, Bakerfield, Calif.; E. L. Burke of Omaha; A. E. de Riebles of Denver; Ike T. Pryor of San Antonio, Texas; and Governor J. B. Kendrick of Wyoming. Associated with this committee as counsel is Walter L. Fisher of Chicago, former Secretary of the Interior. Part of the work of this committee is to secure the passage of the Borland resolution in Congress, which requires the Federal Trade Commission to make a thorough probe of the entire livestock business.

"Unsatisfactory conditions at the leading livestock markets, and the present uneconomical system of distribution that involves much waste, are causing general dissatisfaction on the part of the producers as well as the consumers," said Edward L. Burke of Omaha, vice-chairman of the Market Committee in comment on the sending out of the call. "A thorough-going investigation of conditions by such a body as the Federal Trade Commission is absolutely necessary. Such an investigation will furnish a basis on which constructive work can be done, in which the Government, the packers, the feeders, growers, and the public can consistently co-operate. This is absolutely essential to clarify the atmosphere and restore the confidence of the producers in the livestock industry. It would eventually lead to increased supplies and reasonable prices to the consumer."

Other bodies to be represented at the Conference will be delegates from 400,000 grain farmers and from the representative whole milk districts and from the big producing sections of perishable garden and orchard crops.

ATLANTIC FLEET WILL MOBILIZE

Will Assemble in Hampton Roads Early in December to Take Part in Ensemble.

COMMERCIAL BODY MEETING

(By United Press.)

Norfolk, Va., Nov. 24.—Lean greyhounds of the Atlantic fleet, swiftly destroyers and bobbing Government coastal cutters—vessels of every kind and character will assemble in Hampton Roads the second week of December on the occasion of the eighth annual convention of the Southern Commercial Congress, at Norfolk, Va. The gathering will present one of the most impressive grand ensembles of naval vessels since the mobilization of the American fleet for the trip around the world. The entire Atlantic fleet has been ordered mobilized for the ceremonies, by Secretary Daniels, and the Departments of Commerce and Labor, have given similar orders for all vessels of their Departments.

The officers and men of the fleet, with the Virginia national guard will participate in a military parade, Sunday, preceding the formal opening of the Congress. The fleet, together with all visiting ships, will pass in a grand naval review earlier in the day.

President Wilson has been requested to address the Congress on Monday morning. Secretary of State Lansing will speak Monday.

Y. M. C. A. MEETING OPENS IN MARION

Meetings Held at Noon in Shops and Factories—Officers Give Reports.

NEW YORK MAN ON PROGRAM

(By United Press.)

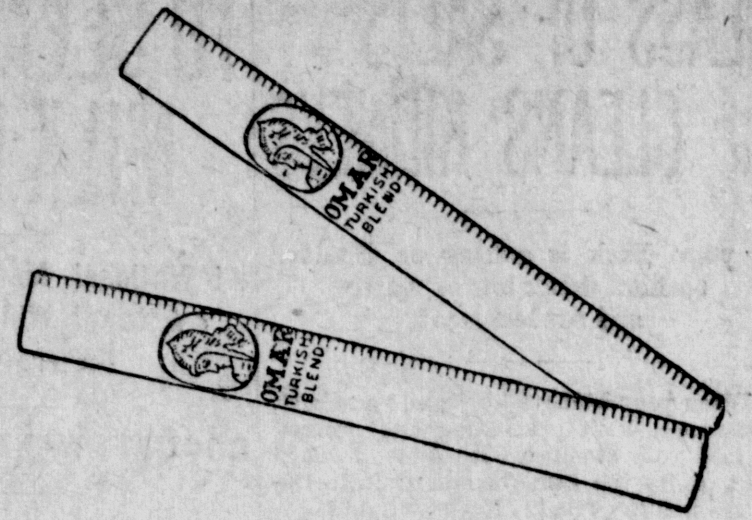

Marion, Ind., Nov. 24.—The annual convention of the Indiana Young Men's Christian association opened here at noon today with meetings in shops and factories.

Following the noon meetings the formal sessions of the convention were opened at the First Presbyterian church with the presentation of the annual reports of officers.

Fred S. Goodman, of New York city spoke on the "Present Day Religious Opportunity." This evening a business men's meeting will be held at the Masonic temple. The speakers will be Archie Price, Marion; A. M. Schoyer, vice-president of the Pennsylvania Lines, Chicago; John C. Haswell, Dayton, O.; L. Wilbur Messer, general secretary of the Chicago association.

Our Supply of Rubber Tired Storm Buggies

At \$100 will soon be a matter of history. Owing to price and qualities of these buggies, they have sold more rapidly than we expected and our supply is limited. Our advice to you is, that if you need a Storm Buggy, buy it now while the assortment is good and while we can supply them at the old price. Buggy buyers have bought early, knowing that our prices on Storm Buggies means \$10 or \$15 saved. They have investigated and found out. You can do the same.

MOTHER OF FOUR CHILDREN

How Lydia E. Pinkham's Vegetable Compound Kept Her Well and Strong.

Lincoln, Illinois.—"I have used Lydia E. Pinkham's Vegetable Compound for ten years with good results and I have four healthy children. This summer I was in a very run down condition and the very hot weather seemed more than I could stand, but I commenced taking your Compound in June and from then until September 25th, when my last baby was born, I got along much better than I had before. My baby was a girl and weighed 14 pounds at birth, and I recovered very rapidly which I am sure was due to your medicine. I am well and strong now, nurse my baby and do all my work. I had the same good results with your medicine when needed before my other children came and they are all healthy. My mother has taken your medicine with equal satisfaction. She had her last child when nearly 44 years old and feels confident she never would have carried him through without your help, as her health was very poor."—Mrs. T. F. CLOYD, 1355 North Gulick Ave, Decatur, Ill.

Expectant mothers should profit by Mrs. Cloyd's experience, and trust to Lydia E. Pinkham's Vegetable Compound. Free confidential advice had by addressing Lydia E. Pinkham Medicine Co., Lynn, Mass.

OTHER BUSINESS HIT BY SHORTAGE

Grain Dealers Register a Kick Through Secretary—Many Elevators Closed.

ASSOCIATION GETS DATA

Indianapolis, Ind., Nov. 24.—Coal isn't the only thing which the car shortage is affecting in Indiana, according to Charles B. Riley, secretary of the Indiana Grain Dealers association.

Many elevators in the state have been forced to close because their storage capacity is taxed to the limit and they are unable to get cars to ship their grain, according to Riley.

The association is now gathering information from its members regarding the car shortage situation and the data will be presented to the public service commission.

Riley declares that the association will also contest the proposed increase in demurrage tariffs which Indiana railroads are planning to charge after Dec. 1. The grain dealers do not believe that the car shortage situation will be relieved by the increased demurrage charges but will merely shift the responsibility from the railroads to the shippers.

ADDITIONAL SOCIETY

A very pleasant party was given by Mrs. Charles Pettis at her home in South Pearl street when she was assisted in entertaining by Mrs. John Jordan and Miss Maria Cauley. The affair was in the nature of a surprise and in honor of Mrs. Walter Butts who received a number of lovely gifts. In the contest that featured the afternoon, Mrs. Iva Bui-chard proved to be the winner. A dainty luncheon of cake, mints and coffee was served to the twenty-five ladies who were invited in.

Mr. and Mrs. Leon McDaniel are entertaining at their hospitable country home west of the city a number of their friends at an oyster supper.

The address to be given by W. L. Sallee of Lexington, Ky., before the members of the B. Y. C. D. class at the assembly room of the court house will be on Tuesday evening of next week. Mr. Sallee has been closely associated with the young people's Christian work in Kentucky and his talk will be concerning it.

HOOSIER BRIEFS.

Crawfordsville—Employees of the Crawfordsville Wire and Nail company have been voluntarily granted an increase of wages amounting to \$10,000 annually.

Shelbyville—Every pupil in the city will soon have a deposit in the banks of the city, if the plan of the school board materialize. After the pupil has deposited \$1 in the bank he will pass from the class of the "savers" and will be considered a "depositor."

Muncie—Judge Thompson in circuit court made the divorce docket appear as a record of bliss when he dismissed 43 divorce suits.

Evansville—The board of public works has approved a plan providing for the erection of a public market place, at a cost of \$50,000.

Ft. Wayne—Glaring headlights must go, says Chief of Police Lanz and he has issued orders to the traffic coppers to arrest motorists with bright headlights in the city.

Indianapolis—Automobile owners or men who wish to enter the auto business have been given an opportunity to learn the mechanism of machines by the opening of an automobile class in the Y. M. C. A.

Kokomo—Ralph Edwards has filed suit for \$10,000 damages against the Ray Fruit company, charging that he was imprisoned on false charges of larceny filed by the company, when he was dismissed from their employ as driver of a delivery wagon.

Plum Creek.

The attendance at Plum Creek Sunday school Sunday numbered 78.

There will be a penny supper at the Plum Creek church Friday night.

The young married peoples class met Saturday evening at the home of and Mrs. Charles Eskew.

The funeral of Mrs. Nancy Rich, which was held at Fairview Sunday afternoon, was attended by a large number of people.

Mr. and Mrs. Glen Ging moved to the Will Smith farm near Kennard during the past week.

The Misses Margaret and Marie Seigers were guests of Miss Edna Hood Sunday.

A valuable cow belonging to Robert Bell died a few days ago.

Mrs. Samuel Fink of Raleigh, who died Monday morning, was buried at Raleigh Tuesday morning at ten o'clock.

William and Wayne Ertle have the measles.

Mr. and Mrs. Ab Innis of Sexton and Mr. and Mrs. Carl Innis and family of near Rushville were entertained at dinner by Mr. and Mrs. Robert Bell of Raleigh on Sunday.

Mr. and Mrs. Charles Eskew had as their guests Sunday evening Mr. and Mrs. George W. Kemmer and family.

Miss Iva Smalley is entertaining at her home Miss Heart of Connersville.

Mr. and Mrs. Welcome Aiken and son Harold were guests of Mr. and Mrs. Barlow at Rushville last Sunday.

Mrs. John Quirk suffered a broken leg is a fall at her home.

Mrs. Ross Logan, who underwent an operation at Sexton's hospital at Rushville last Monday, is reported to be doing nicely.

Summer.

Mr. and Mrs. Bud Ray and family, of near Gwynneville, were visiting Mr. and Mrs. John Wall and family, Sunday.

Mr. and Mrs. D. M. Pressnall and family, visited at Ed. Spencer's Friday.

Mr. and Mrs. O. C. Macy and others attended the funeral of Mrs. Mary Jane Hargrove, at Greenfield, Sunday.

Mrs. Jennie Barnard and son, Omar, attended the funeral of Mrs. Sallie Barnard, near Morristown, Monday afternoon.

Dane Gordan and Miss Ellen Thomas were married last week.

Revival services at the Wesleyan church at Carthage closed Sunday night.

Mr. and Mrs. Darst Beckner and family, were guests of Mr. and Mrs. Oliver Swain Sunday.

The Rev. C. E. Bacon, district superintendent, will preach at the Arlington M. E. church next Sunday afternoon. The League will have a Thanksgiving service next Sunday night, followed by a sermon by the Rev. James Brown.

The Rev. T. J. Anthony preached a wonderful sermon Sunday night at the Arlington M. E. church, from the text Rom. 15:1; Subject, "The Heart of Christ." He portrayed the physical sufferings of Christ in a most touching manner, but he said that does not appeal to the sinner so much as to see into the heart of Christ as he suffered all alone in the Garden of Gethsemane, when the burden of a lost world was upon his heart.

"He crowned Him with thorns
He was beaten with stripes
He was smitten and nailed to the tree,

But the pain in His heart was the hardest to bear,
The heart that was broken for me."

New Salem.

There are still a number of cases of measles in this vicinity.

A ten pound baby girl was born to the wife of Ted King last Thursday.

Mr. and Mrs. Arthur Looney and children spent Sunday the guests of Mr. and Mrs. Charles Wamsley.

Mr. and Mrs. Henry McKee of Anderson are visiting relatives here.

Mr. and Mrs. William Kingery of

Blooming Grove are visiting Mr. and Mrs. J. F. Weir.

Mrs. J. Frank Wilson who was operated on at the Sexton sanatorium last week, is getting along nicely.

Mr. and Mrs. D. C. Wilson had as their Sunday guests J. R. Weir and daughters May and Goulda.

Mrs. H. P. Metcalf, who has been ill with hemorrhages is better.

RURAL SCHOOL TERM

Talk Nine.

(By J. L. McBrien, School Extension Agent, U. S. Bureau of Education Department of the Interior.)

The advantage of a State with a mandatory compulsory school attendance law and a long rural school term over a State with only an optional compulsory school attendance law and a short rural school term are clearly seen in California and South Carolina. The average rural school term in California is 178 days while the average rural term in South Carolina is 94.5 days, according to the latest statistics showing separately the length of rural and urban school terms. The average number of days attended by California children between the ages of 5 and 18, that is, during their compulsory school period, is 111.9 days per year, while in South Carolina it is only 41.3 days per year. On this basis of attendance from the first grade through the high school, the average education for each child in California was 1,342.8 days, while the average education for each child in South Carolina is only 495.6 days, thus making the average education for each child in California 847.2 days more than the average education for each child in South Carolina. California gives a higher average number of days education for each child than any other State in the Union; only the District of Columbia gives more—1,399.2 days—56 more days than California and 903.6 days more than South Carolina.

Even where a State has a long rural school term, as Maryland has had for several years past with only a weak optional compulsory attendance law, the long rural school term is materially shortened by a low average daily attendance. The average rural school term in Maryland has been for some years 179.8 days, but under this "puerile and defenceless" compulsory attendance law, to quote the State Superintendent of Public Instruction in that State the number of pupils attending daily in every 100 enrolled in the rural schools of Maryland was only 51. This makes the actual average rural school term in Maryland only 91.7 days. On the other hand, Oregon, with a State-wide mandatory school attendance law, has had a rural school term of 118.7 days the number of pupils attending daily in every 100 enrolled was 90.6 While Oregon's legal rural school term was 61.1 days shorter than that of Maryland, yet on account of Oregon's State-wide mandatory compulsory attendance law her actual average rural school term was 107.5 days, or 15.8 days longer than Maryland's actual average rural school term. However, the last session of the General Assembly of Maryland passed a State-wide mandatory school attendance law which, if properly enforced, will "put Maryland straight on this question," to quote Superintendent Stephens again.

CONQUERS RHEUMATISM IN A VERY FEW DAYS

It is an established fact that one-half teaspoonful of Rheuma taken once a day has driven the pain and agony from thousands of racked, crippled and despairing rheumatics during the last five years.

Powerful and sure; quick acting, yet harmless; Rheuma gives blessed relief almost at once. The magic name has reached every hamlet in the land and there is hardly a druggist anywhere who can not tell you of almost marvelous cures.

If you want to dissolve every particle of uric acid poison in your body and drive it out through the natural channels so that you will be forever free from rheumatism, get a 50-cent bottle of Rheuma today.

Genuine Rheuma, with guarantee of a cure or money refunded, is sold by JOHNSON'S DRUG STORE

JURY DECIDES IT IS GAMBLING

Fines John Wolter and James Kratzer \$10 Each and Costs for Allowing Rhum to be Played

OUT ONE AND HALF HOURS
Defendants Will Pay Fines and Not Appeal Case—Other Discontinue Game Today

It took the jury one and one-half hours late yesterday to decide that James Kratzer and John Wolter were guilty under the indictment, charging them with operating a gaming house. The jury assessed a fine of ten dollars and costs against each of the defendants. This is the minimum fine under the laws of the state.

The case was followed closely by many, especially the owners of pool rooms which permit the playing of the game of rhum. Under the evidence the owners of the pool room gave two checks valued at five cents each in trade to the winner of the game and the loser paid the sum of ten cents. The state maintained that this constituted a game of chance as all of the men in the game stood a chance of getting something for nothing.

It is understood that both of the defendants will make arrangements to pay the fines and the case will end here. It was positively stated that no appeal would be taken.

Prosecutor Stevens stated today that the game of rhum was ended in the city as far as he was concerned. It is taken that the places permitting the game will close up shop. One or two places did away with it last night as soon as the verdict of the jury became known. The game is operated in all of the places on the same scale as that carried on at the Kratzer and Wolter place.

Under the verdict of the jury the game constitutes gaming and if the game continues there is reason to believe that additional charges will be filed. There is still another case pending in circuit court involving the Kratzer and Wolter place. Walter E. Smith, owner of the building, is charged with renting a place for gaming purposes. This case is not set for trial, but it is admitted that it will be harder to prove, as the intentions of the owner may not have been to rent the building for this express purpose.

The grand jury for the November term has not yet been called, but when it convenes additional cases may be brought to the attention of the prosecutor.

Judge Sparks this morning heard the petition of Harold P. Dillon in which he sought to have his name changed to Robert Carmichael Norris. The petition was granted and the costs taxed against the petitioner. The court ordered that a certified copy of the order be sent to the secretary of state within ten days.

SIR HIRAM MAXIM IS DEAD

Inventor of Automatic Firearm Expires in London Today

(By United Press.)
London, Nov. 24.—Sir Hiram Stevens Maxim, inventor of the automatic firearm, died here today.

Maxim had been reported as seriously ill for several days. He was 70 years old. He received the common school education. His first patents were electrical devices. Then came the Maxim automatic gun and a score of other war inventions.

UNION SERVICE ARRANGED

The Rev. W. M. Whitsitt Will Preach at U. P. Church Thanksgiving

The annual Thanksgiving service will be held at the United Presbyterian church Thursday morning at 10 o'clock. The Rev. W. M. Whitsitt will preach an appropriate sermon and the Rev. John T. Aikin will have charge of the meeting, in which all of the ministers of the city will take part. Special music will be furnished. The offering taken will go toward local charity. It is to be a union service of all the churches and everyone is invited to attend.

TO CLOSE OFFICE TO MAKE CHANGE

Business of Clerk of the Court Will be at Standstill Day New Official Assumes Duties

CHANGE ON FRIDAY, DEC. 1.

The clerk's office will be closed all day next Friday, Dec. 1 at which time the office will be turned over to George R. Moore, Jr., the newly elected clerk and his deputy, Charles Brooks. In making the transfer it is necessary to close the office and on this account there will be no court on this day. The office will also be closed on the day before, which is Thanksgiving day.

Mr. Moore is the first of the new officers to take his office. The work involved in transferring the office is no small task and it was thought best to close the office. A. M. Taylor, the present clerk, will stay at the office a few days to get Mr. Moore straightened out, but the date of Mr. Moore's term starts Dec. 1. Mr. Taylor, who has proved a most efficient officer, has no plans for the immediate future. It is likely that he will remove to Milroy the coming spring.

AGREEMENT MADE IN ADAMSON CASE

Railway Officials and Government Representatives Settle Controversy Over Test

DECISION LEFT TO GREGORY

(By United Press.)
Kansas City, Mo., Nov. 24.—A tentative agreement has been reached between railway officials and government representatives regarding the Adamson law test case, the United States attorney general announced at noon.

No information regarding the agreement as to whether the Santa Fe or the Missouri, Oklahoma and Gulf case has been selected to test the validity of the Adamson eight-hour law in the United States supreme court will be given out until word has been received from Washington.

The terms have been wired to Attorney General Gregory who will make the decision.

MORE TEST SUITS FILED

(By United Press.)
Indianapolis, Ind., Nov. 24.—Test suits against the Adamson eight-hour law were filed in federal court here today by the Pennsylvania and the Pittsburgh, Cincinnati, Chicago and St. Louis railroads.

NEW PREMIER NAMED

(By United Press.)
Petrograd, Nov. 24.—General Treppoff has been appointed premier, the present premier, Sturmer, becoming grand chamberlain.

MORMON POWER WAS REVEALED

Mrs. Lulu Loveland Shepard Showed That Church is Strongest Commercially in America

SHE SPOKE AT UNION MEETING

Crusader Against Mormonism Declared Church Now Controls 11 Western States Politically

"No nation can exist half Mormon and half Christian," declared Mrs. Lulu Loveland Shepard of Salt Lake City, crusader against the Mormon church and president of the W. C. T. U. of Utah, at the meeting at the First Presbyterian church last night under the auspices of the Rushville Ministerial association. "No other church has grown so rapidly in the last fifty years as the Mormon church except the Christian Science church," said Mrs. Shepard. "They have one and a half million members in the United States and 1,900,000 in other countries. They have five thousand missionaries, five hundred of whom are right here in Indiana. When I spoke in Indianapolis Wednesday, there were twelve Mormon missionaries I knew in the audience."

Mrs. Shepard spoke with such ease and grace, and with such true conviction, that she won the attention of the audience from the very outset. She said her mission was to tell the truth about the Mormon church and arouse public sentiment against the practice of polygamy so that an amendment to the United States constitution against it could be passed.

That the crusade against Mormonism is not a war against religion but a war for religion, was the declaration of Mrs. Shepard. The Mormon church is a Mohammedan empire within this republic, she said, and then delivered the following indictments against it:

It teaches treason.
It practices polygamy.
It uses millions to suppress the truth of its crimes.
Already its political power is fixed in eleven states.
Its emissaries are at your doors.
No nation can exist half Mohammedan and half Christian.

Mrs. Shepard was for some years a resident of Posey county, Indiana, but has lived in Salt Lake City for twenty years and is intimately acquainted with the teachings and practices of the Mormon church. She said she had been well acquainted with Mormons and had lived in their homes.

"I have been on the national platform for nine years," she said, "and it is my one regret that I did not lift my voice against the Mormon church until two years ago."

Mrs. Shepard charged that the Mormons had hoarded together enough money to control any trust or corporation in the United States when the opportune moment arrived; that the church already controlled the sugar trust and that when the war opened, Joseph Smith, head of the church, with one stroke of the pen raised the price of beet sugar and cleared nine million dollars; that the church had \$27,000,000 in Wall street and \$400,000,000 more ready cash in Salt Lake City; that it is the richest church commercially in the United States.

Mrs. Shepard said that Smith, as head of the church, is president of twelve big corporations, numerous banks, three big newspapers, many factories, a mammoth co-operative store in Salt Lake City which has branches in every city in Utah and in many outside the state. Mrs. Shepard described the co-operative store, which is heralded to the world

FRANKLIN LODGE SECOND IN LIST

Only One Other in State Initiated More Into Odd Fellowship During Term Ending June 30

REPORT AT THE GRAND LODGE

Five Committee Appointments Come to Rushville Lodge—Rush County Stands High

Franklin lodge No. 35, I. O. O. F. of this city is second on the roll of honor of Indiana Odd Fellowship, according to the grand secretary's report read at the annual meeting of the grand lodge in Indianapolis this week. The meeting closed yesterday with the annual election of officers.

The secretary's report also revealed that Rush county ranks well up in the list of counties in the state. There are almost a thousand Odd Fellows in the county now. Furthermore, Franklin lodge fared well on committee assignments, no less than five members of the local lodge winning appointments.

Franklin lodge is second in the state for the largest number of initiations during the term ending June 30, 1916.

Much praise was given the degree staff of this lodge both in the grand lodge and at a special degree meeting held Wednesday night at Tomlinson hall where a staff of seven members from the Hartsville lodge gave the first and third degrees.

Franklin lodge was well represented on committee appointments made by the grand master, J. T. Arbuckle, who was elected grand representative for one year, was also appointed on the highest standing committee—that of the state of the order.

Frank McIlwain was named chairman of the standing committee on the Rebekah degree and Amos R. Baxter was placed on a special committee of three to formulate a uniform system of accounting for subordinate lodge secretaries and treasurers. Alva E. Newhouse was appointed district deputy grand master and Edwin Farrer was named assistant grand secretary. Mr. Baxter, Harry Allen and Andrew Moore were the delegates from Franklin lodge. Mr. McIlwain was also appointed district deputy grand patriarch.

The report at the eighteenth annual communication of the grand lodge disclosed another successful year of Odd Fellowship in the state, there having been over 3,385 accessions to its membership during the six months period ending June 30, 1916. While there have been several deaths and some dropped for non-payment of dues, there is a total membership in Indiana of 85,043.

ANOTHER SUNK IN AEGEAN

Braemar Castle Sent Down Near Where Britannic Was Lost

(By United Press.)

London, Nov. 24.—The British hospital ship Braemar Castle, homeward bound from Salonika, was sunk by a mine or torpedo in the Aegean sea, an admiralty statement today said. All aboard were saved.

The vessel was sunk about 60 miles from the place where the hospital ship Britannic fell a victim to a mine on Tuesday, it was announced.

A dispatch from Athens this afternoon asserts that the Braemar was torpedoed.

JAMES KELLY SUCCEUMS

Brother of Local Man, Formerly a Resident Here, Dead.

James Kelly, 47 years old, brother of Stephen Kelly of this city died last evening at six o'clock at St. Vincent's hospital, Indianapolis, following an illness from pneumonia. Mr. Kelly formerly lived here where he was employed at the Arbuckle foundry. He was an iron moulder. He is survived by his mother, Mrs. Mary Kelly, one sister, Miss Louise Kelly, and three brothers, Stephen, Michael and Joe Kelly. The funeral services will be at the home, 2415 Park avenue, tomorrow morning, with nine o'clock mass at the SS. Peter and Paul Cathedral. Burial will take place in Holy Cross cemetery.

VILLA RENEWS THE ASSAULT ON CITY

Four Thousand Bandits Make Simultaneous Attack on Northern Mexican Capital

PENETRATE THE OUTSKIRTS

(By United Press.)

El Paso, Texas, Nov. 24.—Another fierce attack upon Chihuahua City was launched by Villistas early today. From the southern and western sides of the northern Mexican capital 4,000 bandits made a simultaneous attack.

A message from General Trevino, commanding the Carranzista garrison, reported the renewal of the assault upon the city.

From the wording of the message, it is inferred that Villa has penetrated into the outskirts of the city.

A code message to mining representatives here told of large bodies of Villistas in positions west of Chihuahua City last night awaiting daylight. It is believed that Villa threw these troops upon the city early today.

At the Mexican consulate reports were made that Villa had been overthrown and that Carranzista cavalry was driving the bandits to the south. Carranza military authorities admitted here that Gen. Trevino was suffering from a severe shortage of ammunition. All available ammunitions were rushed south today.

That Villa's retreat last night was only a feint and that the assault would be resumed today was the belief in United States official circles.

FAVORS EMBARGO ON ALL FOODSTUFFS

American Federation of Labor Points Out Necessity in Resolution Adopted Today

WILL BE SENT TO CONGRESS

(By United Press.)

Baltimore, Nov. 24.—The American Federation of Labor in convention here today declared itself by unanimous vote for an embargo on the exportation of wheat and other foodstuffs.

The resolution points out to President Wilson and Congress "the necessity of placing an embargo upon the exportation of wheat and other foodstuffs so far as our international legal or treaty rights will permit until prices are restored to normal."

WILL CONSIDER RUSHVILLE CASE

Pardon Board Will Get Petition for Pardon for Jesse Easley, Colored, of Rush County

WAS SENTENCED IN 1915

Case of Orville J. Hodson, Youthful Forger From Clinton County, Will be Reopened

(By United Press.)

Indianapolis, Ind., Nov. 24.—The following cases will be acted upon by the board of pardons when it meets in this city on Dec. 11.

James H. Green, sentenced to life imprisonment from Wayne county in 1914 for murdering Ulysses Clark.

Walter Federick, sentenced to 2—14 years from Delaware county 1915 for forgery.

Harold Coons, sentenced 1—3 years from Vigo county for petit larceny.

Albert Simpson, sentenced 3—15 years from Lagrange county in 1915 for horse stealing.

Vance Williams, sentenced to life imprisonment from Floyd county in 1913 for murdering Everett Love.

Jesse Easley sentenced 1—8 years from Rush county in 1915 for petit larceny.

Gus Wilkins, sentenced from Marion county in 1916 for manslaughter.

Harry Jones, sentenced 10—20 years from Hendricks county in 1914 for burglary.

Fred J. Moyes, sentenced from Daviess county in 1915 for 2—14 years for embezzlement.

Harry and Leo Wilson, sentenced 1—14 years from Delaware county in 1916 for larceny.

John Smith sentenced from Allen county in 1916, for 1—5 years for petit larceny.

Following is a list of the cases that will be reopened:

William Hamilton, sentenced from Marion county in Nov. 1910 to life imprisonment for murder.

Anthony Miller, sentenced to life imprisonment from Delaware county in 1907 for murder.

Thomas Tucker, sentenced in 1901 from Posey county to life imprisonment for murder.

Orville J. Hodson sentenced 2—14 years from Clinton county in 1915 for forgery.

Jesse Easley, colored, mentioned in the above dispatch as seeking a parole before the board of pardons, was sentenced February 26, 1915 by Judge Sparks when he entered a plea of guilty to a charge of petit larceny. He was specifically charged with stealing a gold watch valued at \$15 from Roy O. Perkins. At the time the sentence was suspended.

A short time later Easley got in more trouble and on May 3, 1915 the suspension of the sentence was revoked, and he was taken to the reformatory at Jeffersonville. He was found carrying a revolver and it was alleged that he drew the weapon on Gilbert Morris. Easley admitted the violation of his parole and was promptly sent to Jeffersonville by the court. Charges of carrying concealed weapons were preferred against him, but these were not pushed when he was sent to prison. Easley bore the reputation for being a bad boy and it is likely that his parole will be opposed. At the time he was sentenced he was 22 years old.

WINDS SWEEPS GREAT LAKES

(By United Press.)

Detroit, Mich., Nov. 24.—Winds ranging in velocity from a mere thirty miles to sixty-eight swept the Great Lakes last night and today, injuring all shipping. Storm warnings issued yesterday caused many boats to stick close to port.

DOES NOT AGREE WITH OIL MAGNATE

Minister and John D., Start Argument Which Only St. Paul Himself Can Settle.

THEY BOTH MAY BE RIGHT

(By United Press.)
Cleveland, O., Nov. 24.—John D. Rockefeller's conception of heaven and the saints is all wrong, Rev. Dan P. Bradley, pastor of one of the opposition churches to John D's on Euclid avenue said today.

Recently John D. stated that St. Paul would have been a financier had he lived in the present age.

Reverend Bradley said St. Paul would not have known Wall street or Fifth avenue. He would not have been like Mr. Rockefeller.

"Mr. Rockefeller made this statement under two false implications, first that all great men are financiers and second that the securing of an enormous fortune is proper."

HOOSIER BARBERS WANT STATE BOARD

Will Ask Legislature For Law Creating Examination Body to Pass on Qualifications.

WOULD REQUIRE A LICENSE

(By United Press.)
Indianapolis, Ind., Nov. 24.—Hoosier barbers are going before the next meeting of the legislature to ask a state board of barber examiners it was learned here today.

Nearly every other state has a barber examining board and they have been found successful.

The law would require that every barber procure license, which would be renewed each year. The man would be required to pass a thorough examination before the permit would be issued.

AGED MAN AND WIFE HELPED

Asherville General Store Proprietor is Highly Pleased With Tanlac

Lafayette, Ind., Nov. 23.—"This new medicine, Tanlac, speaks for itself," B. F. Hendricks, 60 years old proprietor of a general store at Asherville, Ind., near here, said a few days ago.

"I had rheumatism in my arms and legs for seven years," he continued. "The pains were so severe that sometimes I couldn't straighten out in bed. My wife had kidney trouble. Severe pains across her back bothered her. She didn't sleep well."

"I can hardly tell how Tanlac has made me feel and how glad I am I tried it. The pains have left my arms and legs. My wife says she feels like new since taking Tanlac. Her kidneys do not bother her now and she sleeps soundly at night."

Tanlac, the Master Medicine, is especially beneficial for stomach, liver and kidney trouble, catarrhal complaints, rheumatism, nervousness, sleeplessness, loss of appetite and the like and is a fine strengthener for weak, run-down men and women. Tanlac is now sold exclusively in Rushville, at F. E. Wolcott's drug store; in Arlington, at Mrs. L. T. Davis's; in Carthage at J. H. McCarthy & Sons, and in Milroy at Barton and Sheppard's. IS CREATURE OF ITS OWN MAKING

High Cost of Living is Due to the Fact That Nation is Reveling in Riches.

IT MUST PAY THE PIPER

Director of Mint Says Wages do Not Keep Pace With Increased Cost of Living.

Washington, Nov. 24.—Director of the Mint Von Engleken said yesterday that the high cost of living in this country is a creature of our own making. He said that the golden stream coming from Europe to this country makes the people spend liberally, if not wastefully.

With more gold in its vaults, more money circulated and the greatest export trade in history, the United States today is at once reaping a golden harvest, and—to mix the metaphor—paying the piper; the piper being the high cost of living, Von Engleken says.

His explanation is: Export trade brings an unprecedented quantity of gold here. There is such a vast demand for goods that prices rise responsively. More workers than heretofore are employed, and they are getting larger wages. And, while these workers supply the goods, their wages drawn from the immense store of gold, buy more goods than before, thus helping swell the abnormal demand and the consequent price increases.

Wages, he admits, have not fully kept pace with prices—as usual, but he hopes for an altered condition in the future.

"The United States is normally a borrowing nation. Capital utilized for construction in the past has been recruited largely abroad. Our economic affairs consequently have been adjusted to meet the customary outflow of money required to pay our interest bills in foreign countries."

"The sudden reversal of this condition, the retention of interest payments at home, coupled with a reversal of the usual trade conditions, presents an unusual economic problem."

"It is to be hoped we will not become so accustomed to the present ability to supply our various personal demands that we will find it difficult to readjust ourselves to the more normal state of affairs that will confront us, we hope, in the near future."

Mints are working twenty-four hours a day trying to keep up with the demands for coins. In the last two years \$700,000,000 in gold over the usual importations has poured into the United States. Figures showing the following relative demand for coins for the periods from Jan. 1 to Oct. 17 last year and this year were furnished by Von Engleken:

Dimes—1915, \$658,000; 1916, \$2,200,000.
Nickels—1915, \$1,100,000; 1916, \$2,950,000.
Pennies—1915, \$266,000; 1916, \$1,008,000.

LOOGOOTEE ORPHANAGE ROBBED BY CRIPPLE

Vincennes, Ind., Nov. 22.—Charged with robbing the orphanage box at St. Mary's Catholic church at Loogootee, Daviess county, Patrick O'Brien, a cripple, was haled before the judge here. He denied his guilt, saying that the members of the congregation gave him the sum found in his pockets. About \$10 was missing from the box.

NOTICE

IN THE UNITED STATES DISTRICT COURT FOR THE DISTRICT OF INDIANA IN BANKRUPTCY

In the matter of Clyde Thomas. Voluntary Bankrupt. Case No. 4391. To the creditors of Clyde Thomas, voluntary bankrupt, of Milroy, Rush County, State of Indiana:

You, and each of you, are hereby notified that on the 8th day of November A. D. 1916, Clyde Thomas was duly adjudged a bankrupt, and the first meeting of his creditors will be held at the library in the Federal Building, Indianapolis, Indiana, at two o'clock, p. m. Saturday, December 2, 1916, at which time the creditors may attend, prove their claims, examine the bankrupt, appoint a trustee and transact such further business as may properly come before such meeting. IN ORDER TO RECEIVE CONSIDERATION All claims must be properly endorsed on the outer side thereof with the name of the bankrupt, name and address of creditor, amount claimed, and name and address of counsel, if any.

HARRY C. SHERIDAN, Referee in Bankruptcy. Frankfort, Indiana, November 23, 1916.

Says Cream Applied in Nostrils Relieves Head-Colds at Once.

If your nostrils are clogged and your head is stuffed and you can't breathe freely because of a cold or catarrh, just get a small bottle of Ely's Cream Balm at any drug store. Apply a little of this fragrant, antiseptic cream into your nostrils and let it penetrate through every air passage of your head, soothing and healing the inflamed, swollen mucous membrane and you get instant relief.

Ah! how good it feels. Your nostrils are open, your head is clear, no more hawking, snuffling, blowing; no more headache, dryness or struggling for breath. Ely's Cream Balm is just what sufferers from head colds and catarrh need. It's a delight.

FANCY WORK NEEDS FOR CHRISTMAS GIFTS

Women busy with needle work and crocheting the many useful and appreciated presents of their own handiwork depend upon this department with its complete stock—we save you the time and trouble of looking around. Our prices are lowest, quality considered.

LINEN HANDKERCHIEFS—All linen handkerchiefs with colored embroidery corners, suitable for tatting or crocheted edges 25c and 50c.

HOPE TO BE ABLE TO CONTROL SENATE

Democratic Meeting Held in Indianapolis Today to Devise Means to That End

NO COMPROMISE SAYS HENLEY

(By United Press.) Indianapolis, Ind., Nov. 24.—Practically all of the democratic members of the state senate were in attendance today when the conference, called to outline the general policy that they will follow at the next session of the legislature opened.

The democrats may devise a plan by which they may be able to control the body throughout the session although the membership will be split evenly.

Secretary L. W. Henley of the republican state committee said last night that the republican organization made no tender of a compromise to Chairman Korbly and that none will be made.

"The republicans will organize the Senate," said Henley. "There is no doubt whatever on that score. No one went to Korbly representing Chairman Hays."

The fact that the republicans will have twenty-five senators and the Democrats the same number is expected to open up a hard fight for the patronage and control of the committees.

The Value of Health.

"What profiteth a man that he gain the whole world yet lost his health?"

This is the rather pertinent question that the United States public health service asks in a bulletin, and it is worthy the earnest consideration of everyone.

Naturalists say that long ago the prehistoric waters were infested with a species of enormous shark which finally became extinct by reason of the workings of its voracious appetite. Thus Nature eliminates the over-fed.

The desire for ease of life and plentiful diet is universal and is the great stimulus of man and animals alike. When man becomes greedy and takes more ease and food and drink than is his share, Nature discards him.

In the race for power and place, for ease of circumstance and relief from the stimulus of hunger, the modern man is apt to forget that unless he is careful of his body he will soon be made to suffer for the infraction of Nature's inexorable physical law. With the loss in body tone comes an equal loss in mental acuity and the brain which for a time was able to operate despite the complaints of an over-fed, under-

exercised, self-poisoned body, stops working.

Statisticians have discovered that the mortality rate of persons in the United States over 45 years of age is increasing. The strenuous life of to-day is not alone responsible for this. Lack of health-giving exercise, superfluity of diet, lack of restoring sleep, over-stimulation, the high pressure of the race for power, wealth and position, plus physical neglect—these bring early decay. The goal is reached—wealth is amassed, honor, position, power are just being grasped when the apple of accomplishment turns to the ashes of dissolution. The brilliant mind becomes clouded, the steady hand is no longer accurate, the eye which once gazed fearlessly on the whole world is dimmed and it is not long before the final break up occurs. All of this was entirely preventable.

Other things being equal it is the man who leads the well-balanced life who lasts the longest, whose work to the end is uniformly the best, he who neither over-works nor over-plays, neither over-eats, over-drinks, nor over-sleeps, he who maintains a standard of simple healthy diet in moderation, who offsets mental work with physical recreation, who is as honest with his own body as he is with his own business. When success comes to such a one his physical and mental condition is such that he can enjoy in peace of mind and contentment of body the fruits of his labors.

The regulations of U. S. Public Health Service state: "It is the duty of officers to maintain their physical as well as their professional fitness. To this end they shall be allowed time for recreation and study whenever their official duties will permit." If the Government regards it as essential, its sanitary experts shall be safeguarded in this way, is it not equally important to every citizen

D. E. Roberts, piano tuner will be in Rushville next week. Leave orders at Abercrombie's Jewelry store. 217c2.

that he similarly maintain a high standard of physical integrity?

Co-Operation Worth Much.

It is an old saying that two heads are better than one, and on the same principle two heads together are better than when they are facing in opposite directions. It will pay us to keep our heads together in Rushville, for the good of the town and each individual in the town.

When we are facing in opposite directions and pulling apart we get nowhere and accomplish nothing. The result of our labors is a cipher.

But not so when we get our heads together. Not so when we act as a community and not as individuals. Not so when we all face a definite object and pull until we get there.

It is good to keep our heads together. We learn each other's ideas and ambitions and thoughts, and from this knowledge springs the impetus that brings success to any community.

Let's get our heads together and keep them there.

Every day we read something that is reported to be adding kindling to the flames that are threatening to embroil the United States with Germany over the submarine issue. But probably the kaiser will not let it worry him much since he has seen how easily the United States captured the bandit, Villa.

O. D. Bleakley of Franklin, Pa., who was elected to congress on the seventh, has gone to Washington already in his aeroplane. Contrary to the general belief, it seems like anyone can be elected to congress.

And then there's that so-many-day-to-Christmas thing staring us in the face and none of us have bought a thing.

'Another way of overcoming the overshoe scarcity would be to collect all of the gum shoes used in the last campaign.

The bum actors ought to be delighted at the news of another boost in egg prices.

If food continues to advance in price, heavy weights, like the bear, can live on their own fat.

That's right, blame the other fellow. He's probably doing the same to you.

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Rushville people.

Mrs. Lizzie Borem, 849 W. 9th St., Rushville, says: "About six years ago I began to have trouble with my kidneys. The kidney secretions were very annoying in passage and the trouble kept getting worse. Doctors said it was gravel, but none of them ever did me any good. A short time ago I heard of how someone else was cured by Doan's Kidney Pills, so I got a box at Walcott's Drug Store. They helped me and I kept on using them. I have taken four boxes so far and the pain has left and I feel a great deal better."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Borem had. Foster-Milburn Co., Props., Buffalo, N. Y. (Adv.)

By H. C. HAMILTON
(U. P. Staff Correspondent.)

New Haven, Conn., Nov. 24.—The monster Yale bowl, which seats more than 60,000 is not expected to enre for all those who are fighting today to get the precious tickets for the annual Yale-Harvard clash. Temporary seats have been added to the great bowl and, even with these, it is expected that hundreds will be turned from the gates.

It will be the thirty-seventh clash between the two big eastern colleges and an element of uncertainty, more pronounced than in many years, hangs over the outcome. Harvard's supporters are claiming an edge through the defeat of Princeton while Yale was losing to Brown, but the whole football world has come to view the Yale team, under the coaching methods of Tad Jones with considerable respect.

It has been four years since the banner of victory was flung from the New Haven flagstaff after a game with Harvard and in those years Yale has scored only five points. Previous to that time Yale had a virtual corner on scoring in the tilt with her age-old enemy. 1912 was the last Yale year when the Blue cohorts smothered the Crimson 20 to 0.

Graduations have left Harvard without the brilliant Brickley and Mahan, but the work of Casey and Horween in the backfield, with a forward line fully up to the Haughton standard has made Harvard a favorite.

Yale has come fast under the tutelage of Tad Jones and will present a formidable front. Some trouble has been found in a few spots, but as a whole, the Blue team looks better than any Eli squad in several years.

TODAY'S HOOSIER ODDITY.

Terre Haute, Ind., Nov. 24.—Mrs. Mary Dove was granted a divorce from her husband when she testified that during twenty-five years of married life he had never taken her to church.

ARMY HAS EDGE IN GAMES WON

Of the Twenty Contests Between Two Service School Cadets Have Advantage.

ARE FAVORED TOMORROW

Navy Has Shown Great Form But Footballers Believe Opponents Have Shade.

(By United Press.)

New York, Nov. 24.—When the Army and Navy meet tomorrow at the Polo Grounds here it will be the twenty-first football contest between the two branches of Uncle Sam's service schools. Of the twenty contests already decided the Army holds the edge by one victory, having captured ten contests, the Navy nine, and one has been a tie.

With such men as Oliphant, Gerhardt, Vidal and McEwan making up the strongest part of this year's team the Army is being generally favored to win. And, in addition to this, the West Pointers put a victory over on Washington and Lee, a team which had little trouble in taking a fall out of the Middies.

The Army-Navy game, aside from its importance in the football world, takes rank as one of the most vivid color displays, and the most "peppy" affair of all the eastern conflicts, not even excepting the annual clash between Yale and Harvard. The Polo Grounds, where the game will be played, is one of the largest enclosures in the country, but it has been necessary to refuse many late requests for admission, as all seats were sold long ago.

The Army and Navy hold the bulk of the tickets with about 13,000 in the hands of the public.

RUSHVILLE FACES HARD GAME TONIGHT

High School Quintet Meets Richmond, Which Has Been Working Hard Since Defeat Last Week.

SEVERAL ROOTERS COMING

The basketball game tonight between Rushville and Richmond will start at eight o'clock and from all indications a record crowd will attend. The local rooters believe Rushville has a chance to win over Richmond. At least the chance is better than in several years and because of this a great game is expected.

The locals are not in the best of condition. Reed is suffering from injuries received in the Martinsville game but the team will fight to the last. The Richmond team will arrive over the Pennsy this afternoon. A crowd of rooters from Richmond will make the trip here in machines and will arrive late this afternoon. Richmond was defeated last week by Muncie and since this game the coach has worked the players overtime in an effort to better the team play, and the crowd tonight should see Richmond at its best.

Weak, Sore Lungs

Restored to Health by Vinol

Camden, N. J.,—"I had a deep seated cough, was run-down, and my lungs were weak and sore. I had tried everything suggested without help. One evening I read about Vinol and decided to try it. Soon I noticed an improvement. I kept on taking it and today I am a well man. The soreness is all gone from my lungs, I do not have any cough and have gained fifteen pounds." FRANK HILLMAN.

We guarantee Vinol for chronic coughs, colds and bronchitis and for all weak, run-down conditions. F. B. Johnson & Co. druggists also at the leading drug store in all Indiana towns. (Adv.)

Reynolds Mfg. Co.

Services at the St. Paul's M. E. church for Sunday are: Sunday school at 9:15. Ernest Marlatt, superintendent. A special Thanksgiving program will be given. Preaching services at 10:30 and 7 p. m., with sermons by pastor. Epworth League at 6 o'clock, subject, "Cultivating the Thanksgiving Habit," leader Miss Ellen Vickery. Solo, Mrs. Francis Moor and duet by Mrs. George Wilste and Mrs. Esther McCloud. There will be no mid-week prayer meeting service but a union Thanksgiving service at the United Presbyterian church Thursday morning at 10 o'clock.

Christian Science Services Sunday morning at 10:30 o'clock at 224 West Ninth street. The public is invited.

Asthma Sufferer

Write today, I will tell you, free of charge, of a simple home treatment for asthma which cured me after physicians and change of climate failed. I am so grateful for my present good health, after years of suffering, that I want everyone to know of this wonderful treatment. Mrs. Nellie Evans, 555, E. 26, Des Moines, Iowa.—Adv.

WANT ADS BRING RESULTS

SOCIETY

A merry crowd of girls is having a pitch-in supper this evening at the home of Miss Josephine Scholl in North Jackson street.

The Doman class will meet tomorrow afternoon at 2:30 at the home of Mrs. F. G. Hackleman at 515 North Morgan street.

The meeting of the Wednesday Afternoon Bridge Club is to be held with Mrs. O. M. Dale on next Friday instead of today as was announced in last evening's paper.

Eight members of the Cross Country Club were the guests of Mrs. Harry McManus at her country home north of the city yesterday afternoon. The agreeable afternoon together was spent in sewing after which a luncheon was served.

At the pretty country home of Mrs. Harry McMillin, the members of the Thursday Afternoon Card Club spent a pleasant afternoon yesterday. The afternoon was spent in playing "500" after which a delicious luncheon was served. Mrs. Edward Stumpf of Cleveland was among the guests. The next regular meeting of the club will be with Mrs. Guy Mulbarger.

The Thanksgiving dance given last evening by the Knights of Pythias at their hall was a delightful party. About 30 couples were present for the program of dances, for which music was played by the Mitchell orchestra. The only out-of-town guests were Mr. and Mrs. A. P. Reynolds of Glenwood. The next dance in the series will be given December 14th.

In honor of her birthday, Miss Ada Wolters was tendered a surprise last evening which had been arranged by her sister, Miss Mildred Wolters. Chrysanthemums were used as decorations in the rooms where the guests spent the evening in playing games and dancing. Refreshments were served to the visitors who were the Misses Nellie Brown, Effie Young, Sylvia Wolters, Eleanor Doll, Nellie Drake, Mattie Bates, and Herschell Small, Cecil Hindson, Everett Oakley, Orval Evans, Herbert Walker, Rosecoe Best and Will Williams, the last two being from Connerville.

During the meeting of the Ladies Aid society of the St. Mary's Catholic church held with Mrs.

Michael Oneal yesterday afternoon, an important business session was held. Mrs. Oneal was assisted in entertaining by Mrs. M. E. Coyne and about 14 ladies were entertained. The next meeting will be with Mrs. William Fitzgerald at her home in North Sexton street when Mrs. Coyne will be assisting hostess again.

Mrs. Eunice Moor had as dinner guests today at her home in North Main street, Mrs. Anna Churchhill, Mrs. Susan McCoglin, Mrs. G. V. Conoway, Mrs. Joe Amos and granddaughter, Frances Strong.

Another interesting program is promised for the regular bi-monthly meeting of the Ladies Musicale to be held in the assembly room of the court house Monday afternoon at 2:30 o'clock. Mrs. Ed Chambers has the program in charge.

The members of the Card Club had several interesting games of Bridge yesterday afternoon when they were the guests of Mrs. Walter Hubbard at her home in West Second street. Mrs. Forrest Remsburg of Raton, N. M., was among the guests. A delicious luncheon was served. The next meeting of the club will be with Mrs. Francis Moor.

Mr. and Mrs. Moor, Mr. and Mrs. Jack Knecht and Mrs. Remsburg were entertained at dinner last evening as the guests of Mr. and Mrs. Hubbard.

As the guests of Mrs. Samuel Young in North Perkins street, the members of the O. N. T. Club had one of their most delightful meetings yesterday afternoon. With their usual congeniality, the ladies chatted and sewed during the afternoon. Later they were invited into the dining room, where the table was centered with a pretty bouquet of pink and white carnations, which suggested the color scheme. A delicious luncheon was served. Mrs. George Osborne will be hostess for the next meeting of the club.

About fifty ladies spent a pleasant afternoon yesterday as the guests of Mrs. Willard Amos and daughter, Miss Mary Amos, at their home in North Perkins street. Chrysanthemums of dainty shades filled the vases and wall pockets about the rooms. A very clever contest amused the ladies during the afternoon when they were asked to guess the names of different trees

from hidden sentences. An elegant luncheon was served. For this the ladies found their partners and tables by matching conundrums and their answers.

For dinner, about fifteen men were entertained. Pretty little Thanksgiving cards marked the places for the guests. Together with their wives, an enjoyable and informal evening was spent.

Among the guests were Mrs. Armstrong of Fortville, the house-guest of Miss Amos, Mrs. Mary Cowan and Mr. and Mrs. Herman Miller of Milroy.

Mrs. Frank Wilson is entertaining at cards at her home in North Main street this afternoon.

Miss Mary Louise Bliss is entertaining a number of her boy and girl friends at dinner this evening.

(Additional society Page 9)

POTATO BREAD ROLLS

Very good rolls can be made from a similar mixture of boiled potatoes and flour by adding shortening and sugar. The following proportions will yield one dozen small rolls:

8 ounces of boiled and peeled potatoes, 6 ounces of sifted flour, 1 cake of compressed yeast, 3 level teaspoonfuls of salt, 2 tablespoonfuls of lukewarm water, 2 tablespoonfuls of sugar, 2 tablespoonfuls of butter.

Two tablespoonfuls of powdered milk, added to the dough, will greatly improve the quality of the rolls. Although milk itself or cream may be used, it must be borne in mind that they will increase the liquid content.

Boil, peel and mash the potatoes as directed for bread making. Add in order, to this salt, the powdered milk, (if used) the yeast rubbed smooth and mixed with the water, and lastly two tablespoonfuls of flour. Let this mixture stand at a temperature of about 86° F. until the dough begins to collapse. Add to this sponge the butter, the sugar, and the remainder of the flour and, if necessary, enough more dough to make a stiff dough. Knead thoroughly until a smooth dough which is no longer sticky has been formed. Set back to rise again, and when the dough has trebled in volume, knead lightly, form into small balls and place, not too close together, in greased pans. Allow to rise until double in volume as shown by the "indicator," and bake 20 minutes in a moderately hot oven, at about 400° F.

CARE OF MILK

Care of milk, important for all, is a vital necessity in a home where there are children. It is absolutely essential to the safety of babies. No intelligent mother will leave to an ordinary servant the task of caring for or preparing the milk for her baby. Mothers of small children should get, from their own physicians, explicit directions for the proper handling of milk and for cleaning and sterilizing nursing bottles. Pamphlets on infant feeding may be obtained from the municipal milk stations or health officers. Milk for babies cannot be kept too cold, and too much care cannot be given to keeping it clean and covered.

RHEUMATISM usually yields to the purer blood and greater strength which

SCOTT'S EMULSION

creates. Its rich oil-food enlivens the whole system and strengthens the organs to throw off the injurious acids. Many doctors themselves take Scott's Emulsion and you must stand firm against substitutes.

Scott & Bowne, Bloomfield, N. Y.

RUBBER STAMPS

Whenever you are in need of rubber stamps of any description, whether for marking linen or name stamps, we will be pleased to show you samples. The Republican Company, 1936.

WHEN IN QUEST

of gifts that will be really appreciated at the Christmas-time, do not forget the attractiveness and genuine appeal of

Your Own Handiwork

Our art department is now exhibiting a very full showing of stamped articles, including dresser sets, doily cases, hair receivers, towels, gowns, pillow cases, bungalow sets, baby quilt protectors, button bags, infant's dress hangers, string bags, fancy aprons, knife, fork and spoon cases, baby blankets, and wash cloths.

Many of the above articles, we are showing made up ready for giving. Beautiful gifts of all kinds, new this season, 25 cents to \$2.00.

Among the crochet and embroidery threads carried by this store are Klostersilk, Bucilla, Coats, Dexter, Silko and Utopia.

Home Journal Embroidery Patterns are the best.

DO THIS PART OF YOUR XMAS BUYING BEFORE THANKSGIVING

THE MAUZY COMPANY

IS ONE-FIFTH OF WORLD TRADE

Foreign Commerce of the United States in Calendar Year 1916 Will be Eight Billion.

50 PERCENT INCREASE IN YEAR

Sum Represents Twice as Much as That of 1914—Excess Exports Three Billion.

The foreign commerce of the United States in the calendar year 1916 will approximate \$8,000,000,000, or one-fifth of the entire international trade of the world. It will be 50 per cent greater than that in 1915 and double that of 1914. A compilation by the Foreign Trade Department of the National City Bank of New York shows that the total foreign trade of the year, which ends with next month, seems likely to approximate \$8,000,000,000 against \$5,326,000,000 in 1915 and \$3,908,000,000 in 1914. The excess of exports over imports in 1916 will approximate \$3,000,000,000 against \$1,768,884,000 in 1915, \$324,348,000 in 1914 and \$691,422,000 in 1913.

Complete figures for the commerce of the entire country in the nine months ending with September are at hand, and also those of the port of New York, an index of the trade of the entire country, for the month of October. The figures for the nine months ending with September, 1916 show a total commerce of \$5,780,000,000 against \$3,833,000,000 in the same months of 1915 and \$2,877,000,000 in the corresponding months of 1914, the 1916 figures being thus 50 per cent greater than those of 1915, and double those of 1914.

The October figures of the port of New York indicate that the total trade of October will equally and probably exceed that of September, and should the two remaining months of November and December show totals similar to those of the past two months for which complete records are available, the total trade for the year would aggregate nearly or perhaps quite \$8,000,000,000, while the excess of exports over imports seems likely to be fully \$3,000,000,000 against \$2,135,776,000 in the fiscal year 1916 and \$1,769,000,000 in the calendar year 1915. Both imports and exports will make a new record in the calendar year 1916. Present indications, based upon nine months' figures for the entire country, and an additional month for the port of New York, are that the imports for the full calendar year will aggregate approximately \$2,500,000,000 against \$2,198,000,000 in the fiscal year 1916 and \$1,779,000,000 in the calendar year 1915. Exports seem likely to approximate \$5,500,000,000 against \$4,331,000,000 in the fiscal year 1916 and \$3,548,000,000 in the calendar year 1915.

The increase in total imports is also largely due to advance in prices. Raw silk imported in August at \$1.60 per pound was imported in August of the preceding year at \$2.73 per pound. Jute and jute bolls imported in June, 1916 at \$93.51 per ton came in the preceding September at \$43.59, while goat skins imported in August, 1916 at 37.4 cents per pound came in August of the preceding year at 20.3 cents.

Manufacturing material forms thus far 44 per cent of the imports, manufactures 31 per cent and foodstuffs 25 per cent. Of the exports manufacturing materials forms 12 per cent, manufactures 67 per cent and foodstuffs 20 per cent.

THE MODERN WAY

The modern housewife does not convert her home into a factory, at least to the extent of making it more of an industrial institution than it is a home. Instead of baking their own bread, thousands of housewives are getting it from the bakery. Likewise, canned goods are not put up in the home, but purchased from the grocer. Clothing is not made in the home, as in the days of your grandmother; it is purchased outside, and delivered to you, ready to wear. Then why not do the logical thing in another case, and send your household linens and washable apparel to a modern power laundry? Washing and ironing are factory processes, that for at least one day in each week render the average home almost uninhabitable. Perhaps you have found this out, and are having all or part of your laundering done in the home of a washerwoman. If you will let us do your laundering, you can rest assured that it is being done under sanitary conditions and in a sanitary manner.

Give us a trial order, and then you will be a regular customer—happy and care free on Monday, as far as laundering is concerned.

RUSHVILLE LAUNDRY

Soft Water For Laundry. PHONE 1342

SUITABLE CONTESTS FOR ANY SPECIAL GATHERING

For a literary club, or in fact any social gathering, the following contest might be used. The phrases conceal the names of noted people.

1. A jolly deacease.
2. Having past and the act of hurrying.
3. A handy slang word.
4. To consume with fire and an organ of the human body.
5. A fly trap and the art of moving.
6. Combustible substance and a long elevated piece of land.
7. Not bad and wealthy.
8. Part of pork.
9. A precious metal and a kind of mechanic.
10. What makes more noise than a pig under a gate.
11. To deface and to bellow.
12. An animal in a circus and a charged account.

The answers are: 1. Meredith. 2. Byron. 3. Dickens. 4. Bernhart. 5. Webster. 6. Coleridge. 7. Goodrich. 8. Bacon. 9. Goldsmith. 10. Moore. 11. Marlowe. 12. Buffalo Bill.

Employ Good Scrub-Cloths

While we wish to be as economical as possible, we sometimes follow an economy that doesn't pay, in trying to use old threadbare rags as scrub and cleaning cloths. The discarded garment with its many holes is not always the right substance with which to expect good firm cleaning. Such rags fall apart easily, become unsanitary, and require much labor to keep clean. Good scrub-cloths are now specially manufactured out of closely-woven twill crash or fiber. They come in regular sizes, the 24-inch square being found very convenient for ordinary scrubbing. Other knitted or woven cloths can be bought for a few cents for various other cleaning purposes, such as windows, pot-wiping, sink cleaning, etc. They have body, are firm, and require less to keep clean, besides giving better service than the ordinary rag.

Smearless Carbon Paper

The best carbon paper for stenographers and typewriter users. Does not smear. Sold in any quantity. Also high grade typewriter ribbons. LOUIS C. HINER, at the Be-

Dreams of Maids—A Trousseau

The trousseau is a wonderful dream to most girls. Every day come letters asking my opinion on the trousseau of some fair lady. Why I am sure I can say. For the wonder of having a trousseau has not as yet been mine.

Nevertheless, I have ideas on the subject, just as every girl has, and all I can do is tell you how I feel about it.

As a general rule the trousseau is a complete outfit for the girls about to be married. This follows an old custom, which took into consideration that the husband should not have to bear the expense of a feminine wardrobe until other things were settled—the furnishing of the house and such things.

How the girl will hoard for her "hope chest" all the beautiful things which come into her possession before her marriage! Not only clothes are placed away in a sachet scented box, but all sorts of table linen and other feminine delights are carefully folded, patted tenderly and laid aside for the happy days to come.

But to get back to the main subject. The trousseau should contain number of sets of underclothing,

the traveling suit, morning dresses, wedding gown, afternoon dresses, and the other articles of wearing-apparel. It depends entirely upon the circumstances of the people concerned what form these garments should take. Unless there is wealth, the clothes should be simple but excellent.

Whenever I think of trousseau I think of my friend, Ethel. Her wedding outfit was not any more expensive than the majority of people's, but as the result of great thought and care it was perfect to the minutest detail. Most of the garments were made by her own clever fingers. In fact, the weeks prior to her marriage were a series of days spent in her cheerful living room with her mother, sewing and designing.

Ethel realized that she was marrying a man of moderate circumstances and she devoted also a great deal of time to planning her bungalow aprons and house dresses. These were attractive, too, because she determined to make her work play.

The planning of trousseau is a delightful experience, one which I hope every one of you will enjoy.

GLASS OF SALTS CLEANS KIDNEYS

If your Back is aching or Bladder bothers, drink lots of water and eat less meat.

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia-water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what because of your kidney trouble and backache.

LISTEN TO THE EVERWELLS

If you want a shave that's very fine, buy your shaving things where I got mine.
Ed. Everwell

IF you need anything in the shaving line and want to buy it at prices that are fair you ought to patronize this drug store. Their shaving soaps are of a high quality and their razors are as keen as their business sense.

TO SEEK BETTER MILK MARKETS

At National Meeting of Producers
Attempt Will be Made For
Better Conditions.

DO NOT WANT ANY STRIKES

Meeting Will be Held Under Auspices
of National Conference on
Markets.

Chicago, Ill., Nov. 24—Better milk marketing without the costly milk strikes of the past few months will be striven for by milk producer from all important marketing sections of the United States in the first national meeting of milk producers to be held here Tuesday, Dec. 5, according to a call issued today. The Milk Producers' Association of the Chicago dairy district, an organization that won the milk strike a few months ago and forced the big dealers to come to terms, has issued the call. Some 12,000 raw milk producers of Northern Illinois, southern Wisconsin and northern Indiana make up this organization, which is taking the initiative in bringing together the representatives of other big producing districts. The meeting is to be held under the auspices of the National Conference on Markets had Farm credits, which holds its fourth annual gathering at the Hotel Sherman, Chicago, Dec. 4-9. Delegates from New England, California, New York, Ohio, Minnesota, Wisconsin and Missouri will be present.

"The production and distribution of whole milk is undergoing a remarkable transformation," says the call issued by the board of directors of the Milk Producers' Association in session here today. "The milk producers of America are finding themselves forced to quit the business in large numbers on account of high production costs involving land values and higher labor charges, higher costs of feeds and sanitary requirements. This condition leaves only two alternatives for the milk producers in areas close to large cities. They must either reorganize their methods of producing and distributing their milk, or they must go out of business and leave to the farmers of the more distant sections the task of supplying the centers. The latter course would work a great hardship upon thousands of milk producers, and, we believe, is unnecessary if the production and distribution of milk were placed upon a real efficiency basis.

"Milk producers must, therefore, take upon themselves the working out of fair and equitable methods for collective sale of their milk. They must also work to secure contract prices that range over a longer period than the customary six month contract.

"Believing, therefore, that one section may learn from another and

that some workable plan may, be agreed upon that will avoid costly strikes that entail loss to producers and suffering to consumers, the Milk Producers' Association of the Chicago dairy district invites milk producers from every dairy district in the United States to meet us at the Hotel Sherman December 5 under the auspices of the National Conference on Marketing and Farm Credits to confer on plans that look to the complete reorganization of our industry."

W. J. Kittle, 29 South LaSalle street, Chicago, is secretary of the organization issuing the call.

National headquarters this morning announced, nearly 20,000 delegates representing about 2,000,000 farmers are expected to the fourth national conference in marketing and farm credits. Practically every state will send delegations. In 1916 forty-six states and several provinces of Canada were represented.

MORMON POWER WAS REVEALED

Continued from Page 1.
with a big sign on its front, "The All Seeing Eye of God," under the picture of an eye.

"But you enter the store, which has such an inscription above its entrance," she continued, "and you buy whiskey by the wholesale, retail or cocktail. Yet the Mormon church parades itself as being opposed to the liquor traffic. Besides all this, their drug stores sell it and two Mormon governors of Utah have vetoed state-wide prohibition bills passed by a prohibition legislature."

Mrs. Shepard recalled the efforts to unseat Senator Smoot, senior senator from Utah, and how the campaign failed because of the power of the church. She recited, too, how Senator Smoot succeeded in burying in committee the resolution for a constitutional amendment against the practice of polygamy. Mrs. Shepard said the National Reform association felt warranted in introducing the resolution since 36 states, the necessary three-fourths of the states to pass a constitutional amendment, had anti-polygamy laws.

"The worst danger we have," she

They let you know you've been smoking—and yet they're MILD

In other words, Chesterfield Cigarettes are MILD—and yet they satisfy. This is something totally new to cigarettes. It goes further than pleasing your taste—satisfy does for your smoking what a juicy slice of hot roast beef does for your appetite.

Chesterfields satisfy—they let you know you've been smoking.

But they're MILD, too—Chesterfields are!

If you want this new cigarette delight (satisfy, yet mild) you've got to get Chesterfields, because no cigarette maker can copy the Chesterfield blend. This blend is an entirely new combination of tobaccos and the biggest discovery in cigarette blending in 20 years.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes
—Most Women Can Have

Says Dr. Edwards, a Well-Known
Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets, you will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women as well as men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep in the pink of condition. 10c and 25c per box. All druggists.

"PURITY" IS COMING

1416.

Poisoned by Thousands!

(By L. H. Smith, M. D.)

The victims of auto-intoxication are many thousands every day. By reason of the toxins, or poisons, bred in the intestines, these poisonous bacteria are sent all thru the blood channels and the victim feels tired, sleepy and headachy, or the brain does not work as usual. The best treatment for this is to drink hot water before breakfast—plenty of water all day and procure a supply of Dr. Pierce's Pleasant Pellets, made of Mayapple, leaves of aloes, etc., with no calomel, entirely vegetable, which can be obtained at drug stores for 25 cents.

Equally important is it to cleanse plentifully of pure water will cleanse kidneys and bladder, and drinking them to a certain extent. Then obtain at the drug store a little Anuric. This is to be had in 50-cent packages. Anuric should be taken before meals.

It is many times more potent than lithia, dissolving uric acid as water does sugar.

Dr. Weir Mitchell once said: "What we call diseases are only symptoms of conditions. Allow the man's vitality to be reduced to a certain point, and he is ripe for any of these weaknesses, or certain conditions which we call disease."

Through failure of kidneys to act, through congestion, inflammation, any person's condition is ripe for disease to fasten its hold upon the system.

Anuric has been tested for the past few years for kidney, bladder, uric acid troubles, rheumatism, gout, and such ailments as follow, and so many cases both acute and stubborn have yielded to this wonderful remedy that I do not hesitate to recommend it—(Adv.)

YOU DON'T WEAR YOUR ENGAGEMENT RING ON YOUR RIGHT HAND

Then why do some people persist in having their clothes pressed and not have them dry cleaned and pressed at the same time? The modern methods which we employ in dry cleaning helps to preserve the material and adds greatly to the appearance of the wearer.

Any Kind of Clothing

whether greasy overalls or fancy dress suits, calico or silks, are all dry cleaned and pressed by us. We bleach and clean white coats.

The next time you have anything to be dry cleaned and pressed try us. We call for and deliver in the city.

GATHER DATA FOR CONFERENCE

Market Committee Seeking For Better Conditions in Livestock Industry.

MEETING TO BE AT CHICAGO

Many Interesting Things to be Discussed at National Conference on Marketing.

Denver, Colo., Nov. 24.—The efforts of the National Conference on Marketing and Farm Credits to investigate the conditions surrounding the marketing of livestock were given a new and interesting turn today when the Market Committee of the American National Live Stock Association sent out a call to the livestock industry of the nation endorsing the work of the Conference and urging its membership and others to attend special Conference hearings in Chicago the week of December 4-9. Representatives of the breeding and feeding interests, and the livestock commission men, cooperative livestock shipping associations, and others, have been invited to confer on the subject of better market conditions. The special hearings will begin the morning of December 6.

The Market Committee is working with prominent members of the livestock industry to gather and present data that will prove the need of a thorough investigation and that this should be done by the Federal Trade Commission. Prominent livestock men from all over the West will be in attendance. They will offer evidence to show that no investigation in the past by federal or private agency has been adequate or authoritative. They will claim that this work must be done by a body such as the Federal Trade Commission. They will seek the endorsement of the Conference in prosecuting their fight.

The American National Live Stock Association is composed of livestock growers and feeders from many states in the West. Affiliated with it are practically all of the large livestock associations, including the Corn Belt Meat Producers' Association, the Cattle Raisers' Association of Texas and the State Livestock Associations of Kansas, Nebraska, Wyoming, the Dakotas and Colorado. The Market Committee was appointed at the annual meeting of this association the early part of the present year at El Paso, Texas. It was authorized and financed to carry on a fight to secure an improvement of marketing conditions. On the committee are H. A. Jastro, Bakerfield, Calif.; E. L. Burke of Omaha; A. E. de Ricques of Denver; Ike T. Pryor of San Antonio, Texas; and Governor J. B. Kendrick of Wyoming. Associated with this committee as counsel is Walter L. Fisher of Chicago, former Secretary of the Interior. Part of the work of this committee is to secure the passage of the Borland resolution in Congress, which requires the Federal Trade Commission to make a thorough probe of the entire livestock business.

"Unsatisfactory conditions at the leading livestock markets, and the present uneconomical system of distribution that involves much waste, are causing general dissatisfaction on the part of the producers as well as the consumers," said Edward L. Burke of Omaha, vice-chairman of the Market Committee in comment on the sending out of the call. "A thorough-going investigation of conditions by such a body as the Federal Trade Commission is absolutely necessary. Such an investigation will furnish a basis on which constructive work can be done, in which the Government, the packers, the feeder, growers, and the public can consistently co-operate. This is absolutely essential to clarify the atmosphere and restore the confidence of the producers in the livestock industry. It would eventually lead to increased supplies and reasonable prices to the consumer."

Other bodies to be represented at the Conference will be delegates from 400,000 grain farmers and from the representative whole milk districts and from the big producing sections of perishable garden and orchard crops.

ATLANTIC FLEET WILL MOBILIZE

Will Assemble in Hampton Roads Early in December to Take Part in Ensemble.

COMMERCIAL BODY MEETING

(By United Press.)

Norfolk, Va., Nov. 24.—Lean greyhounds of the Atlantic fleet, swiftly destroyers and bobbing Government coastal cutters—vessels of every kind and character will assemble in Hampton Roads the second week of December on the occasion of the eighth annual convention of the Southern Commercial Congress, at Norfolk, Va. The gathering will present one of the most impressive grand ensembles of naval vessels since the mobilization of the American fleet for the trip around the world. The entire Atlantic fleet has been ordered mobilized for the ceremonies, by Secretary Daniels, and the Departments of Commerce and Labor, have given similar orders for all vessels of their Departments.

The officers and men of the fleet, with the Virginia national guard will participate in a military parade, Sunday, preceding the formal opening of the Congress. The fleet, together with all visiting ships, will pass in a grand naval review earlier in the day.

President Wilson has been requested to address the Congress on Monday morning. Secretary of State Lansing will speak Monday.

Y. M. C. A. MEETING OPENS IN MARION

Meetings Held at Noon in Shops and Factories—Officers Give Reports.

NEW YORK MAN ON PROGRAM

(By United Press.)

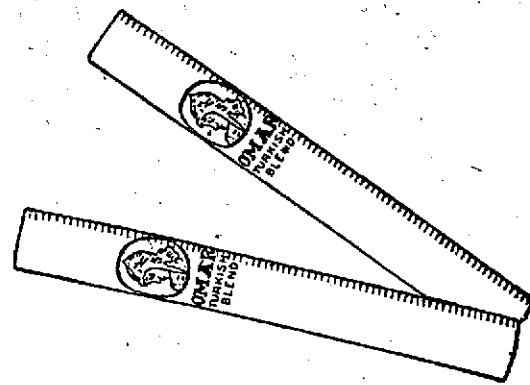

Marion, Ind., Nov. 24.—The annual convention of the Indiana Young Men's Christian association opened here at noon today with meetings in shops and factories:

Following the noon meetings the formal sessions of the convention were opened at the First Presbyterian church with the presentation of the annual reports of officers.

Fred S. Goodman, of New York city spoke on the "Present Day Religious Opportunity." This evening a business men's meeting will be held at the Masonic temple. The speakers will be Archie Price, Marion; A. M. Schoyer, vice-president of the Pennsylvania Lines, Chicago; John C. Haswell, Dayton, O.; L. Wilbur Messer, general secretary of the Chicago association.

MOTHER OF FOUR CHILDREN

How Lydia E. Pinkham's Vegetable Compound Kept Her Well and Strong.

Lincoln, Illinois.—“I have used Lydia E. Pinkham's Vegetable Compound for ten years with good results and I have four healthy children. This summer I was in a very run down condition and the very hot weather seemed more than I could stand, but I commenced taking your Compound in June and from then until September 25th, when my last baby was born, I got along much better than I had before. My baby was a girl and weighed 14 pounds at birth, and I recovered very rapidly which I am sure was due to your medicine. I am well and strong now, nurse my baby and do all my work. I had the same good results with your medicine when needed before my other children came and they are all healthy. My mother has taken your medicine with equal satisfaction. She had her last child when nearly 44 years old and feels confident she never would have carried him through without your help, as her health was very poor.”—Mrs. T. F. CLOYD, 1355 North Gulick Ave, Decatur, Ill.

Expectant mothers should profit by Mrs. Cloyd's experience, and trust to Lydia E. Pinkham's Vegetable Compound.

Free confidential advice had by addressing Lydia E. Pinkham Medicine Co., Lynn, Mass.

OTHER BUSINESS HIT BY SHORTAGE

Grain Dealers Register a Kick Through Secretary—Many Elevators Closed.

ASSOCIATION GETS DATA

Indianapolis, Ind., Nov. 24.—Coal isn't the only thing which the car shortage is affecting in Indiana, according to Charles B. Riley, secretary of the Indiana Grain Dealers association.

Many elevators in the state have been forced to close because their storage capacity is taxed to the limit and they are unable to get cars to ship their grain, according to Riley.

The association is now gathering information from its members regarding the car shortage situation and the data will be presented to the public service commission.

Riley declares that the association will also contest the proposed increase in demurrage tariffs which Indiana railroads are planning to charge after Dec. 1. The grain dealers do not believe that the car shortage situation will be relieved by the increased demurrage charges but will merely shift the responsibility from the railroads to the shippers.

ADDITIONAL SOCIETY

A very pleasant party was given by Mrs. Charles Pettis at her home in South Pearl street when she was assisted in entertaining by Mrs. John Joydon and Miss Maria Cauley. The affair was in the nature of a surprise and in honor of Mrs. Walter Butts who received a number of lovely gifts. In the contest that featured the afternoon, Mrs. Iva Bui-chard proved to be the winner. A dainty luncheon of cake, mints and coffee was served to the twenty-five ladies who were invited in.

Mr. and Mrs. Leon McDaniel are entertaining at their hospitable country home west of the city a number of their friends at an oyster supper.

The address to be given by W. L. Sallee of Lexington, Ky., before the members of the B. Y. C. D. class at the assembly room of the court house will be on Tuesday evening of next week. Mr. Sallee has been closely associated with the young people's Christian work in Kentucky and his talk will be concerning it.

HOOSIER BRIEFS.

Crawfordsville—Employees of the Crawfordsville Wire and Nail company have been voluntarily granted an increase of wages amounting to \$10,000 annually.

Shelbyville—Every pupil in the city will soon have a deposit in the banks of the city, if the plan of the school board materialize. After the pupil has deposited \$1 in the bank he will pass from the class of the "savers" and will be considered a "depositor."

Muncie—Judge Thompson in circuit court made the divorce docket appear as a record of bliss when he dismissed 43 divorce suits.

Evansville—The board of public works has approved a plan providing for the erection of a public market place, at a cost of \$50,000.

St. Wayne—Glaring headlights must go, says Chief of Police Lann and he has issued orders to the traffic coppers to arrest motorists with bright headlights in the city.

Indianapolis—Automobile owners or men who wish to enter the auto business have been given an opportunity to learn the mechanism of machines by the opening of an automobile class in the Y. M. C. A.

Kokomo—Ralph Edwards has filed suit for \$10,000 damages against the Ray Fruit company, charging that he was imprisoned on false charges of larceny filed by the company, when he was dismissed from their employ as driver of a delivery wagon.

Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed Senreco to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums; in the treatment of Pyorrhea, etc. Submitted the formula and asked them their opinion. They tested Senreco from every angle; some going even so far as to make a chemical analysis—

With practically one accord—said:

"Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It's one of the best I have used." "I can recommend Senreco as the best." "Makes the teeth glisten and is free from injurious ingredients, including purgatives and grit." "I am indeed glad to get a tooth paste that does the work." "Congratulate you on formulating a dentifrice that gives one a new idea of mouth cleanliness, etc." (These quotations are from the dentists' reports. Originals on file at our office.)

With such endorsements from the men who know; why not go to your dealer today and get a tube of SENRECO—25c. Keep your teeth REALLY CLEAN, and protect yourself against Pyorrhea and decay.

A copy of the folder, "The Most General Disease in the World" together with a liberal trial size tube of SENRECO will be mailed you for 4c in stamps. The Sentinel Remedies Co., Inc. Dept. B, Masonic Temple, Cincinnati, Ohio.

Plum Creek.

The attendance at Plum Creek Sunday school Sunday numbered 78. There will be a penny supper at the Plum Creek church Friday night.

The young married peoples' class met Saturday evening at the home of and Mrs. Charles Eskew.

The funeral of Mrs. Nancy Rich, which was held at Fairview Sunday afternoon, was attended by a large number of people.

Mr. and Mrs. Glen Ging moved to the Will Smith farm near Kennard during the past week.

The Misses Margaret and Marie Seigers were guests of Miss Edna Hood Sunday.

A valuable cow belonging to Robert Bell died a few days ago.

Mrs. Samuel Fink of Raleigh, who died Monday morning, was buried at Raleigh Tuesday morning at ten o'clock.

William and Wayne Ertle have the measles.

Mr. and Mrs. Ab Innis of Sexton and Mr. and Mrs. Carl Innis and family of near Rushville were entertained at dinner by Mr. and Mrs. Robert Bell of Raleigh on Sunday.

Mr. and Mrs. Charles Eskew had as their guests Sunday evening Mr. and Mrs. George W. Kemmer and family.

Miss Iva Smalley is entertaining at her home Miss Heart of Connersville.

Mr. and Mrs. Welcome Aiken and son Harold were guests of Mr. and Mrs. Barlow at Rushville last Sunday.

Mrs. John Quirk suffered a broken leg is a fall at her home.

Mrs. Ross Logan, who underwent an operation at Sexton's hospital at Rushville last Monday, is reported to be doing nicely.

Sumner.

Mr. and Mrs. Bud Ray and family, of near Gwynneville, were visiting Mr. and Mrs. John Wall and family, Sunday.

Mr. and Mrs. D. M. Pressnall and family, visited at Ed. Spencer's Friday.

Mr. and Mrs. O. C. Macy and others attended the funeral of Mrs. Mary Jane Hargrove, at Greenfield, Sunday.

Mrs. Jennie Barnard and son, Omar, attended the funeral of Mrs. Sallie Barnard, near Morristown, Monday afternoon.

Dane Jordan and Miss Ellen Thomas were married last week.

Revival services at the Wesleyan church at Carthage closed Sunday night.

Mr. and Mrs. Darst Beekner and family, were guests of Mr. and Mrs. Oliver Swain Sunday.

The Rev. C. E. Bacon, district superintendent, will preach at the Arlington M. E. church next Sunday afternoon. The League will have a Thanksgiving service next Sunday night, followed by a sermon by the Rev. James Brown.

The Rev. T. J. Anthony preached a wonderful sermon Sunday night at the Arlington M. E. church, from the text Rom. 15:1; Subject, "The Heart of Christ." He portrayed the physical sufferings of Christ in a most touching manner, but he said that does not appeal to the sinner so much as to see into the heart of Christ as he suffered all alone in the Garden of Gethsemane, when the burden of a lost world was upon his heart.

"They crowned Him with thorns
He was beaten with stripes
He was smitten and nailed to the tree,
But the pain in His heart was the hardest to bear,
The heart that was broken for me."

New Salem.

There are still a number of cases of measles in this vicinity.

A ten pound baby girl was born to the wife of Ted King last Thursday.

Mr. and Mrs. Arthur Looney and children spent Sunday the guests of Mr. and Mrs. Charles Wamsley.

Mr. and Mrs. Henry McKee of Anderson are visiting relatives here.

Mr. and Mrs. William Kingery of

Blooming Grove are visiting Mr. and Mrs. J. F. Wein.

Mrs. J. Frank Wilson who was operated on at the Sexton sanatorium last week, is getting along nicely.

Mr. and Mrs. D. C. Wilson had as their Sunday guests J. R. Weir and daughters May and Goulda.

Mrs. H. P. Metcalf, who has been ill with hemorrhages is better.

RURAL SCHOOL TERM

Talk Nine.

(By J. L. McBrien, School Extension Agent, U. S. Bureau of Education Department of the Interior.)

The advantage of a State with a mandatory compulsory school attendance law and a long rural school term over a State with only an optional compulsory school attendance law and a short rural school term are clearly seen in California and South Carolina. The average rural school term in California is 178 days while the average rural term in South Carolina is 94.5 days, according to the latest statistics showing separately the length of rural and urban school terms. The average number of days attended by California children between the ages of 5 and 18, that is, during their compulsory school period, is 111.9 days per year, while in South Carolina it is only 41.3 days per year. On this basis of attendance from the first grade through the high school, the average education for each child in California was 4,342.8 days, while the average education for each child in South Carolina is only 495.6 days, thus making the average education for each child in California 847.2 days more than the average education for each child in South Carolina. California gives a higher average number of days education for each child than any other State in the Union; only the District of Columbia gives more—1,399.2 days—56 more days than California and 903.6 days more than South Carolina.

Even where a State has a long rural school term, as Maryland has had for several years past with only a weak optional compulsory attendance law, the long rural school term is materially shortened by a low average daily attendance. The average rural school term in Maryland has been for some years 179.8 days, but under this "puerile and defenceless" compulsory attendance law, to quote the State Superintendent of Public Instruction in that State the number of pupils attending daily in every 100 enrolled in the rural schools of Maryland was only 51. This makes the actual average rural school term in Maryland only 91.7 days. On the other hand, Oregon, with a State-wide mandatory school attendance law, has had a rural school term of 118.7 days the number of pupils attending daily in every 100 enrolled was 90.6 While Oregon's legal rural school term was 61.1 days shorter than that of Maryland, yet on account of Oregon's State-wide mandatory compulsory attendance law her actual average rural school term was 107.5 days, or 15.8 days longer than Maryland's actual average rural school term. However, the last session of the General Assembly of Maryland passed a State-wide mandatory school attendance law which, if properly enforced, will "put Maryland straight on this question," to quote Superintendent Stephens again.

CONQUERS RHEUMATISM IN A VERY FEW DAYS

It is an established fact that one-half teaspoonful of Rheuma taken once a day has driven the pain and agony from thousands of racked, crippled and despairing rheumatics during the last five years.

Powerful and sure; quick acting, yet harmless; Rheuma gives blessed relief almost at once. The magic name has reached every hamlet in the land and there is hardly a druggist anywhere who can not tell you of almost marvelous cures.

If you want to dissolve every particle of uric acid poison in your body and drive it out through the natural channels so that you will be forever free from rheumatism, get a 50-cent bottle of Rheuma today.

Genuine Rheuma, with guarantee of a cure or money refunded, is sold by JOHNSON'S DRUG STORE
